The Perversion and Destruction of the Children

Unfortunately, this is going to be the cruelest chapter in my book. I wish I could skip it, but this is too important to leave it out. The perversion, corruption, and destruction of our children. Depending on which country you live in, this might or might not be obvious. Let me tell you, it is very obvious in the US. I'm just going to list a few things that are currently happening and have been happening for a while:

1. Bibles were banned from school libraries and replaced by books about gender identity, homosexuality, and transgenderism. Some of them are pornographic and children as young as 6 years old have access to them.

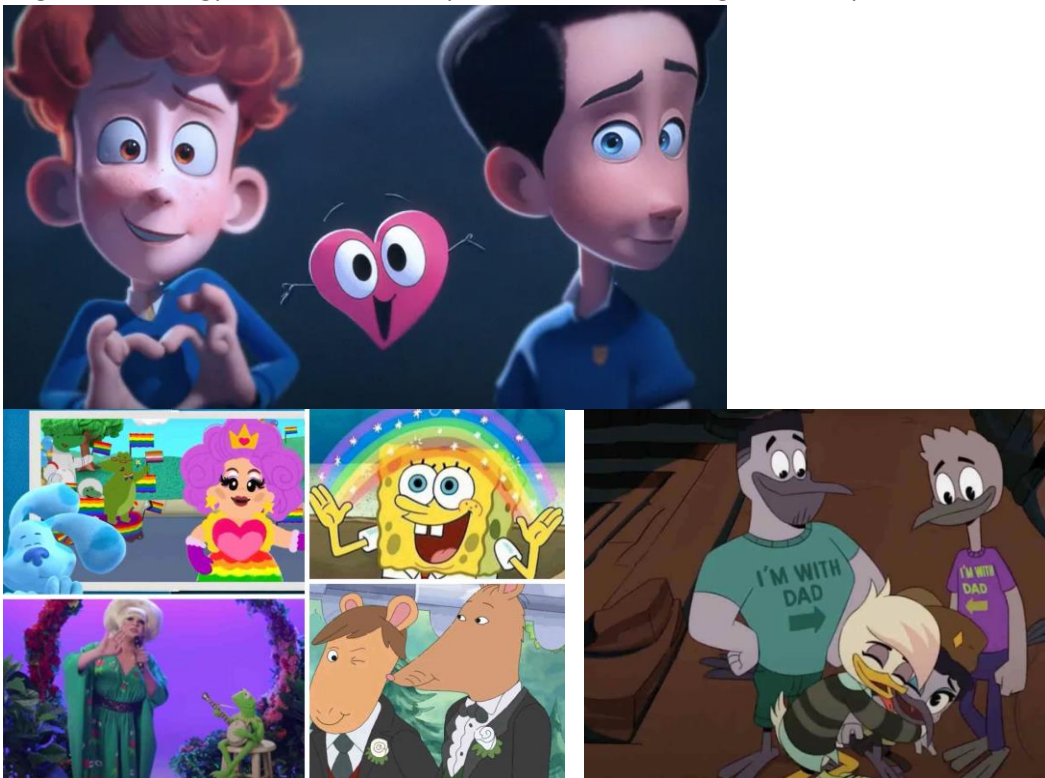

2. There are teachers that had children write essays in school about their sexual fantasies. Some teachers get up in the morning and see every day as a new opportunity to force children to become gay.

3. Drag queen story hours are being held in various places (even on military bases) where adult men dressed up as strippers perform sexually explicit dance moves (with or without sex toys) in front of infants and children. There were incidents where some of these “Drag Queens” flashed their private parts.

4. We now have a huge amount of TV shows and movies for children that contain excessive usage of gender ideology and homosexuality to indoctrinate kids ages 2 and up.

5. Disney includes subliminal messages in their cartoon movies (see page 190), groomed child stars to become overly sexualized teenagers and young adults (Britney Spears and Miley Cyrus for example) and pushes “pride” in their shows now (see below: Andi Mack).

6. Disney has the LGBTQ+ topic all over their theme parks.

7. Bills were produced by states that allow children to change their identity and gender. Bills that allow them to receive vaccines that can alter the development of their hormonal system without consent of the parent from the age of 12. Bills that allow women to abort a baby throughout the entire pregnancy and up to 28 days after birth without having to face any type of penalty.
8. Child sex trafficking is an unbelievably huge market in the entire world. Child sex workers have between 5-10 “customers” per day and die mostly before the age of 17. Those involved in sex trafficking include a lot of famous and high-ranking individuals from all over the world (PizzaGate).

9. Hollywood and the music industry are part of the Illuminati and participate in child molestation, SRA, and cannibalism. Survivors of these inhuman brutalities report human hunting parties and having been forced to kill other children in front of their abusers. Below you'll find drawings created by a survivor of sex trafficking and torture – Kim Noble. You can find her paintings here: <https://vigilantcitizen.com/vc-resources/the-complete-gallery-of-kim-nobles-paintings-about-ritual-abuse/>

The fact that the FBI halted the investigation should tell you everything you need to know about intelligence agencies. But if that's not proof enough to you of their corruption, then please watch "The Octopus Murders" on Netflix. It's not about child sex trafficking, but it shows how deeply evil and fake these agencies (FBI, CIA, NSA etc.) and the police are. I already knew about it so it wasn't a surprise, but you might be shocked about what's going on behind the scenes. Definitely worth the watch.

10. Children are being transported across borders (illegally – from Mexico for example) and given to "sponsors" without proper controls or vetting. No one knows what happens to all these kids.
11. Children are being stolen right off the street (I've seen video material) or in malls where they harvest their organs (unfortunately I've seen a video of this as well).

12. A large corporation produced a commercial with kids holding bondage SM bears (Balenciaga).

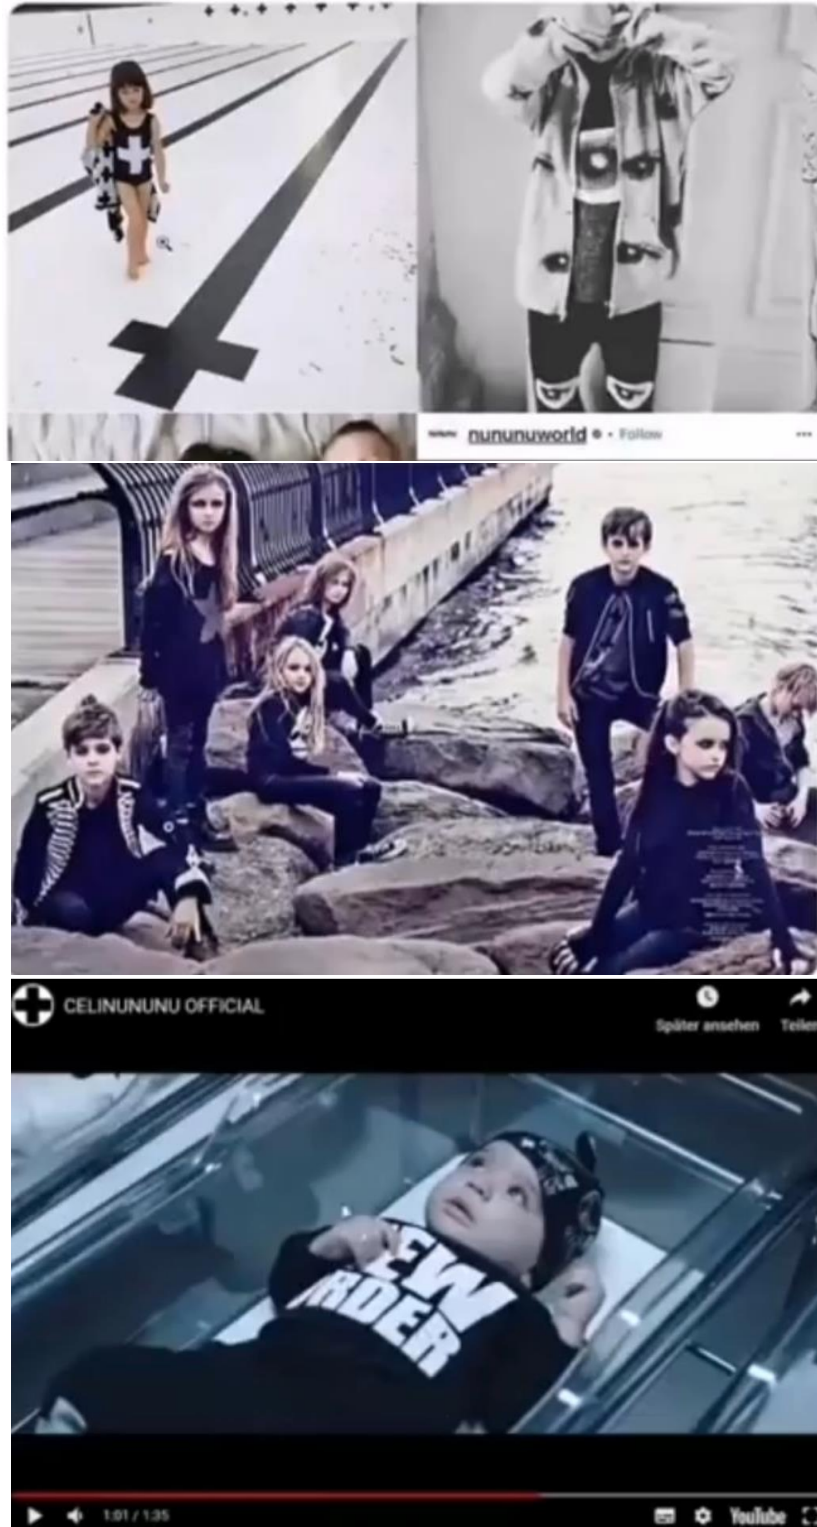

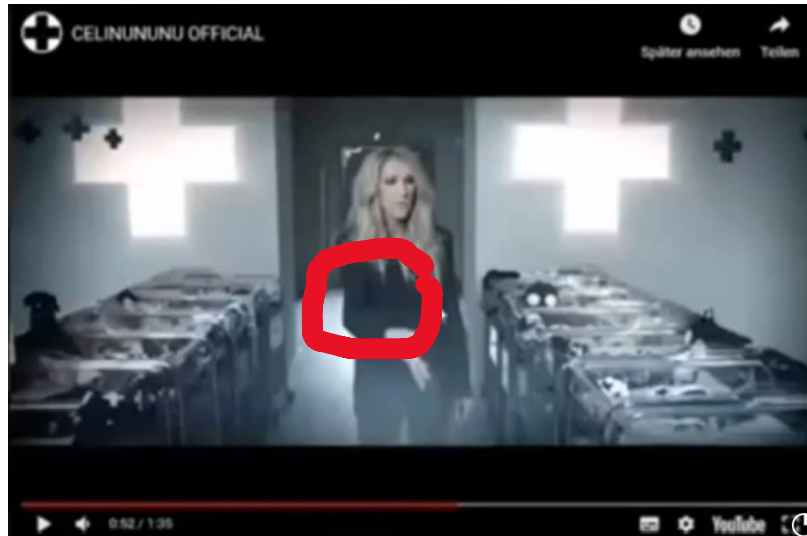

In the photo with the boy, we find barrier tape with "Baalenciaga" printed on it. This is not a simple misprint. Since the brand is obviously of demonic origin, this barrier tape shows us who they worship. BAAL. And I'm not making this up - even the Bible talks about Baal. He's the one that people have been sacrificing children to for thousands of years.

See: 1 Kings 16:31-32 and 19:18 and 22:54, Psalms 106:28, Numbers 25:5, Hosea 13:1-2, Judges 8:33, Jeremiah 23:13, Deuteronomy 4

13. Another example is Celine Dion's "NUNUNU World." Is this appropriate for children? Does that look normal to you?

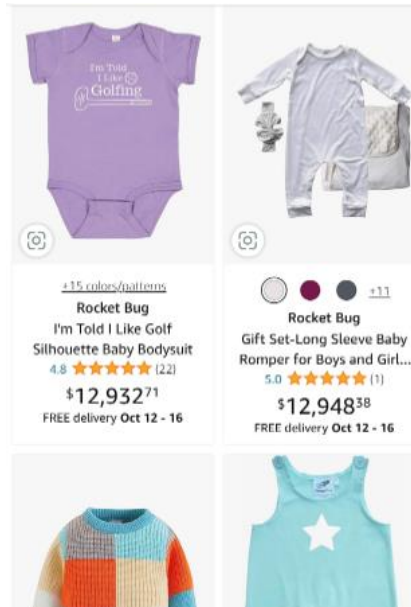

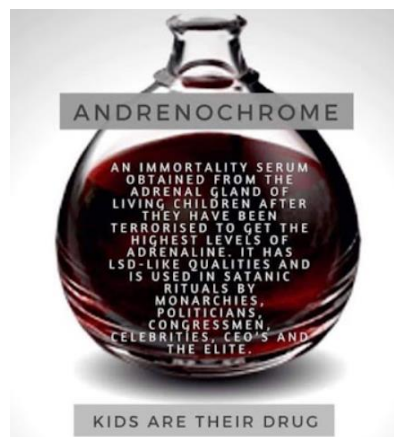

14. Babies are being killed, cooked, and eaten by people (I have pictures of that) – they even have restaurants that offer human baby meat.
15. 17,000 pills filled with powdered human baby flesh were discovered in South Korea. They somehow have to get rid of the bodies.

16. Children are being sold on online platforms like Amazon. They discovered the same on Wayfair.

17. Children are being tortured to extract adrenochrome from their blood which the elite drinks as a rejuvenating elixir. Does that sound like a horror movie to you? It's reality. Hollywood has discussed that openly on TV.

18. Children are being shipped in shipping containers all around the world. Many of them die on the journey. The US Navy rescued over 1000 children and dead bodies out of shipping containers in the Suez Canal. In the "Evergreen's" 18000+ containers were also weapons of mass destruction.

19. There are people out there that try to normalize pedophilia. One example for such people is Professor Stephan Kershner (<https://heavy.com/news/stephen-kershner/>). Someone invented “MAP” which translates to “Minor attracted people” which relates to adults that are attracted to children. As if this would be a normal thing that deserves to become a 3-letter-word!

The flag you see in the background is called a MAP flag and symbolizes the different interests of these sick people. Dark pink stands for underaged girls, light pink for baby girls, light blue for baby boys and dark blue for underaged boys. I’ve seen a post online in which someone declared MAP a valued part of the LGBTQ+ community.

I could go on, but I’d assume you get it. What is being done to the children is with ill intentions and is purely evil.

Our society is shaped by our morals and beliefs and our morals and beliefs are influenced by what we watch, read, and hear. What has become acceptable in society today, and is not given a second thought, would have been rated 18 or “XXX” 20 years ago. The human race has become extremely evil. There is absolutely no way people can’t see this unless they choose to look away. Satan has declared an all-out war on our children. He is not just trying to silence the next generation; he is seeking to wipe them out. They are being slaughtered in the womb; they are being sold into sex slavery. They are being used, neglected, raped, and abused. They are being brainwashed by teachers and bullied by peers. They are lonely, depressed, and suicidal. Their innocence is being robbed right in front of all our eyes.

These days suicide is one of the leading causes of death for ages 10-24. Every year there are an average of 7000 suicides in this age group as stated by a CDC study. These are only the recorded cases. I’d assume the number is much higher.

You need to understand that they are purposely targeting children. There are no coincidences in this case. The plan is to destroy what is precious to God. The sexualization of children from a very young age in a direct and indirect form is a big issue in today's society. "Indirect" encompasses advertisements and programming that target and sell commodities to children, particularly girls. Such items include Bratz Baby Dolls, which target six-year-olds with fishnet stocking and

miniskirts, and padded bras and bikinis, raising national controversy on the dangers of encouraging young females to portray their identities using sexual items from a young age.

The indirect form of sexualization is more subtle and harder to quantify. There is an under-the-radar fear that the globalization of technology enables children to access pornographic content. Children and teenagers are the biggest consumers of online media today, and in some countries such as the United Kingdom, over half of the teenage population has encountered pornography on the web. The increase in media sexualization is also coupled with a reversal in the roles of victims and perpetrators; children find themselves on both sides of the spectrum, often at the hands of their peers.

Furthermore, a United Nations-backed report suggests that global leaders normalize pedophilia by allowing children to legally decide on engaging in sexual activities with adults. *"Sexual conduct involving persons below the domestically prescribed minimum age of consent to sex may be consensual in fact, if not in law,"* the Geneva-based ICJ wrote. So, next to all the threats that are out there, they now want to make sexual interactions between children and adults acceptable?!

And if that's all not enough, a federal judge ordered school districts in Pennsylvania to allow "after-school Satan clubs." These clubs are gaining popularity in the US. As the state of Ohio and North Carolina have them already. The "Temple of Satan" is sponsoring these programs. The kids are being taught their handbook, which can be checked out on their website.

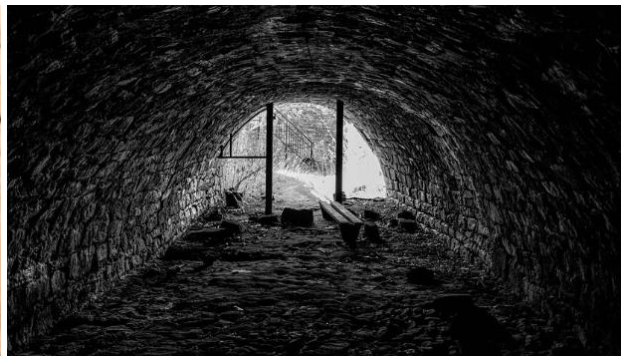

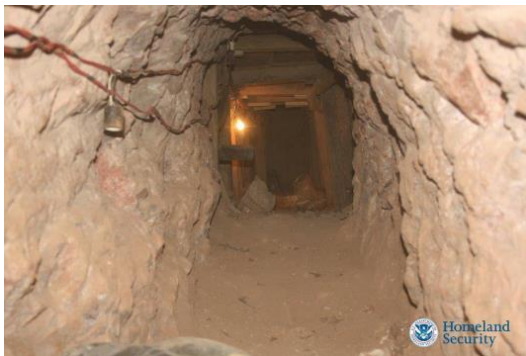

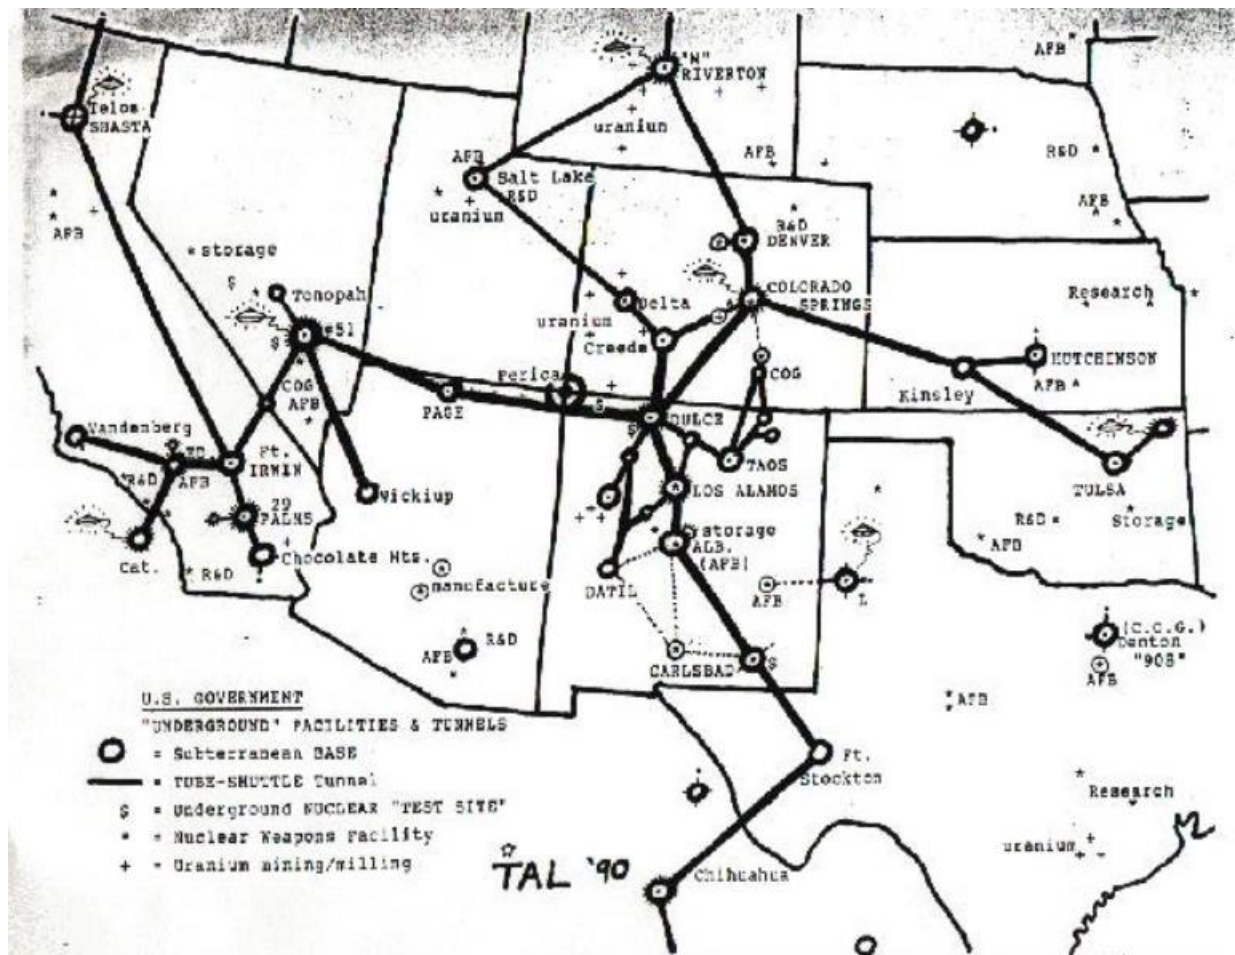

Child Trafficking and Sacrifice

I have a lot of material on this topic. But I won't show you everything I have because it is absolutely sickening. It brought me to my knees while watching and reading. I have never felt so disgusted and sick to my stomach in my entire life. The degeneracy it takes to do anything like that is something I can't comprehend.

A widely unknown fact is that the entire world exists above underground tunnel systems. People - influential people – have had them built over decades. They connect buildings, cities and even countries. I am not talking about normal tunnels for traffic. In some places they've built entire cities under the surface. What are they good for? Well, mainly to smuggle things. And besides weapons and drugs, one of the most smuggled objects are humans (lots of children) and human organs.

These and other types of tunnels can be found all over the world. They range from ancient tunnels, to DIY tunnels, skinny tunnels, primitive tunnels, to modern, big tunnels, long with roads inside for trucks and other vehicles. A lot of tunnels belong to the government and military of the country. Therefore it will be less surprising that these people are especially involved in human trafficking. I don't know how they got to that point, but the fact is that this is done by people that you are listening to, people that you trust or even admire. And why do they traffic humans? For money. For sex. Power. Blackmailing. Control. And for sacrifices. Yes, you read that right – sacrifices.

Human sacrifices have been made for thousands of years. It's so old, it's even mentioned in the Bible. Deuteronomy 18:9-12 *"When you enter the land the Lord your God is giving you, do not learn to imitate the detestable ways of the nations there. Let no one be found among you who sacrifices their son or daughter in the fire, who practices divination or sorcery, interprets omens, engages in witchcraft, or casts spells, or who is a medium or spiritist or who consults the dead. Anyone who does these things is detestable to the Lord; because of these same detestable practices the Lord your God will drive out those nations before you. You must be blameless before the Lord your God."*

God does not want humans/ children to be sacrificed. It's an abomination. The only people that sacrificed children were people that followed idols and false gods like Baal or Moloch, in other words, Satan, since he is said to come in many different forms. These pagan practices have survived throughout the ages and have made it into our times. Many, if not all, secret societies are working with sacrifices. I'm

sure this includes animal and animal blood sacrifices but unfortunately, one of the most common sacrifices includes children and other humans, in general, for their blood. Agencies like the FBI know about these sacrifices, and have established a term for these practices. It's called SRA = satanic ritual abuse. The children that survive this often end up developing multiple personalities and suffer life-long mental health issues, are suicidal and/or become predators or traffickers themselves.

These practices have been portrayed in art over the centuries.

The statue that shows a man eating a baby – this is not made up. That statue can be found in Bern, Switzerland. And this is still happening.

Who are these people that sacrifice, eat and abuse children? It's the elite and all their puppets. The people with power and money. Why are they doing it? I'd assume it's for the very reasons I just listed – power and money. Or to be able to enter a secret society. And for satisfaction. These rituals are being done based on their beliefs. They worship Satan. Satan in all his forms. I'm saying this because I can't say for sure what exactly all of them worship. I'd assume that depending on where they have been introduced to Kabbalah, and which books they've read, would determine which of the false gods they believe in. This could be Baal, Moloch, Osiris, Baphomet, or any other pagan god. Evil has many faces, symbols, and idols. It's a combination of esotericism, Gnosticism, black magic, witchcraft, ancient Egyptian practices, and other pagan beliefs. To really know the details, I'd have to be part of it. I can only speculate based on the information that has made it out to the public. Some things are pretty obvious, for example, Hollywood and the music industry just can't hold back from displaying their beliefs. For most people it's just art, or a show, but these shows and behaviors mean so much more than that. They are exposing their evil desires and actions disguised as art. And people do not understand or realize what is happening in front of them.

I encourage you to watch this on Amazon: Operation Toussaint. This is a documentary about Tim Ballard and his job of saving trafficked children. The movie "Sound of Freedom" is based on the real experiences of this man. I can recommend both to better understand how real this issue of sex child trafficking is.

Satanic Worship

Sam Smith

This is Sam Smith, famous English singer, and songwriter. He went from a normal looking, nice guy to something barely recognizable.

Now:

What happened to him? He was groomed by the music industry – he became part of the Illuminati for fame and money. You think I made this up? Many musicians have come forward saying that the industry made them join their circles, that they had to accept and partake in rituals and sacrifices in order to become famous. Others openly admit that they worship the devil. This is not a secret. You can look this up. The best examples are Beyonce and Lady Gaga. On top of this, they also pray over albums or songs in a demonic way. An artist, Shane from the band “Boyzone”, confirmed that the industry is satanic in nature. He says that not all music is bad, but most music tries to take people away from Christianity and God. He said he was there when the labels literally prayed over the music to Satan. Music is not just music – music is an instrument for the devil to enter people’s minds and hearts. Music can defile human thoughts and destroy them mentally and in the long run, physically due to the negative impact on the mind. The elite have people who study music, sound, and radio waves, and what they do to people’s brains and minds. It’s all possible. We are just not well-informed enough in these areas of research.

Billie Eilish

American singer and songwriter. 22 years old.

Beyonce

This is Beyonce before 2006 - an innocent, modest, young woman, about to become extremely famous – vs now.

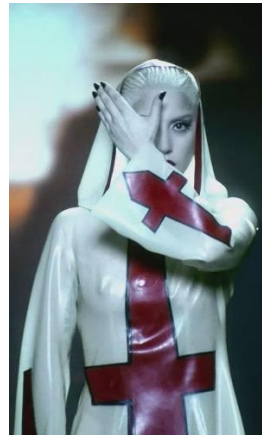

What happened to her? She became a member of the Illuminati. She's not hiding it. Her husband Jay-Z, also a famous rapper and owner of the record label Roc Nation, is part of the club as well. These two display the Illuminati symbolism at all times.

Lady Gaga:

Lady Gaga started off as a very "average" girl, kind of plain and she was an outsider. This changed drastically over the years.

Lady Gaga DEVILS DAUGHTER

Lady Gaga said in an interview that she worships Satan. She flashes Illuminati symbols all the time. Mostly with the emphasis on the eye for the “all-seeing eye”. If you google “Lady Gaga satanic” you’ll get more than enough material that supports what I’m saying. She is friends with Marina Abramovic who is a controversial and sinister artist. She produces entire displays of dead bodies, body parts, and is the inventor of “spirit cooking”. I’ll get to this later.

Doja Cat

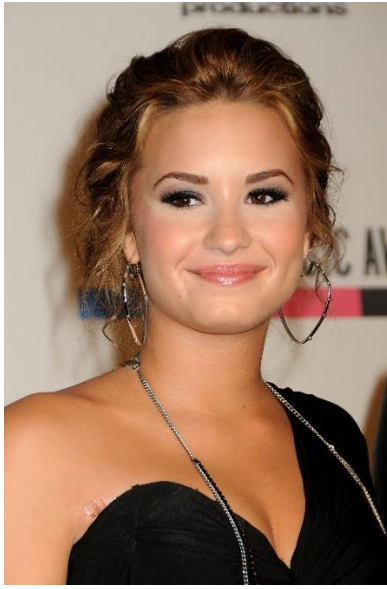

Doja Cat is an American rapper and singer. She, as well, started off as a normal girl who changed drastically over the course of her career into something completely different.

Doja Cat gave an interview talking about the Illuminati, Satan and her participating in child sex abuse (via symbolism – pizza, chicken, apples, and cheese). I will explain that later.

Demi Lovato

She's an American singer, songwriter, and actress. Same story.

In 2018 Demi Lovato nearly died of a drug overdose. She filmed a documentary about her journey called “Demi Lovato: dancing with the devil”. Lovato used to be a Disney Channel actress.

Taylor Swift

She is a singer, songwriter, and actress, like Demi Lovato.

People are paying insane amounts of money to attend her concerts. She has lots of influence on children and teenagers these days. And instead of using it for something good, she uses it for subliminal messages, and normalizing satanic symbolism.

If this is still not enough evidence for you to understand what's actually is going on, here are a few more...

Miley Cyrus

She allegedly said, that Satan is a “nice guy” but misunderstood. She went through a whole lot of changes and is now obviously part of the Illuminati. Miley used to be a Disney Channel actress.

Lil Nas

He’s an American rapper, songwriter, and singer. He partnered with Nike to produce a shoe which contains real blood in the heel. He likes to present himself as a gender-fluid or trans individual who worships the devil.

Madonna

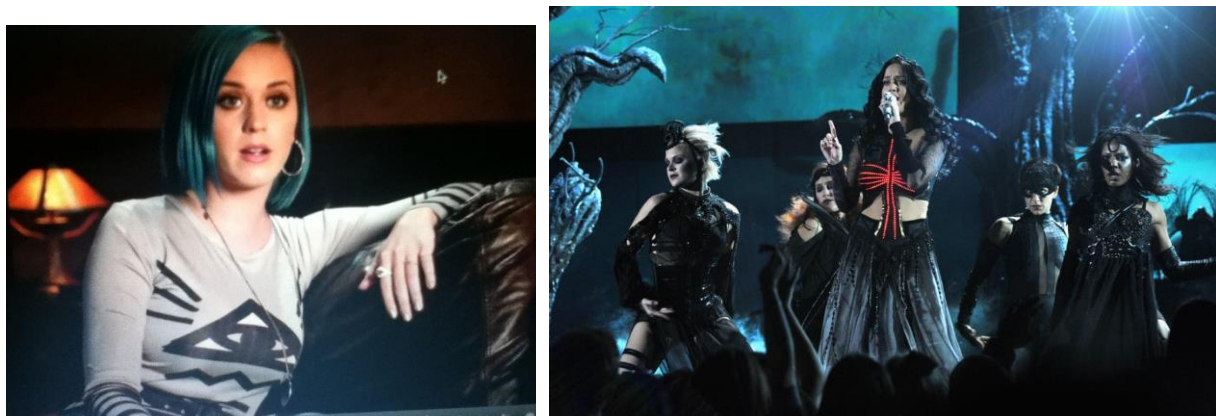

Madonna - icon of the 80s and 90s.

Madonna is known for provocative, sexually explicit, sadomasochistic and bondage style videos, which received widespread backlash from the media and the general public. She now openly worships Satan as well. You see devil horns, pentagrams, the one eye and there's much more you can find online.

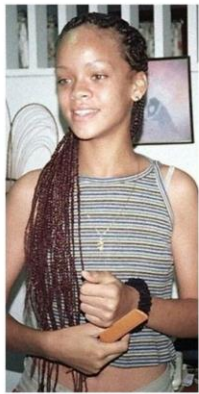

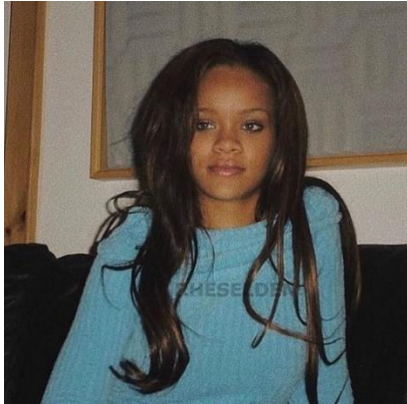

Katy Perry

Katy is an American singer, songwriter, and TV personality.

Katy Perry signed with Capitol Records around 2007, owned by Universal Music Group. She is a devil worshipper and uses tons of symbolism in her music videos, including satanic and pedophilic symbols.

Rihanna

Rihanna signed a record deal with Roc Nation, owned by Jay-Z. Rihanna turned from the girl next door into a dark, sinister and devil worshipping role model for young girls. She's known for her sexually explicit content in lyrics, concerts and music videos and admitted in an interview that Satan is her god.

Dwayne “The Rock” Johnson

Another Satan worshiper is this one. He said on TV “Hail Satan”. In this “comedy” piece, he plays a scientist who Has made the most evil invention: a child molesting robot who can molest children at a rate twice as fast as human child molesters. In the background you hear the fake “audience laugh” (laugh track) which is typical for american sitcoms and comedy shows like “Fresh prince” and “Full House”. Except, this is anything but funny. I don’t see why anyone would even consider “playing” something like that, unless...

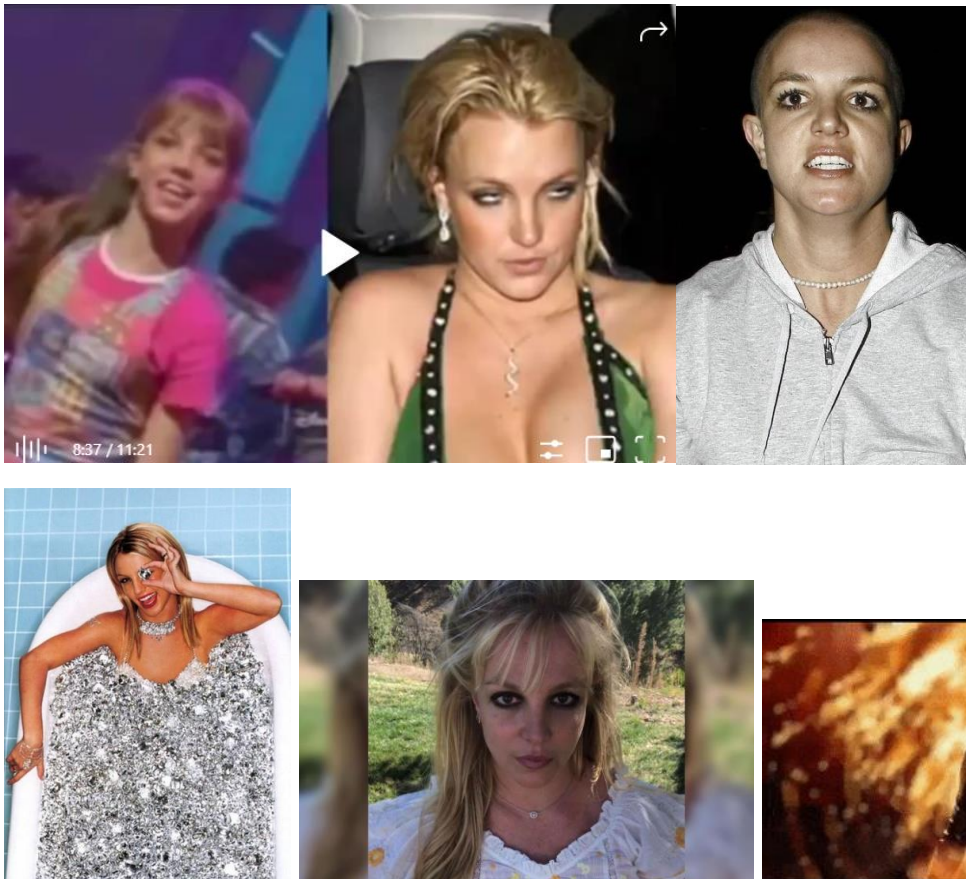

In an interview he says: “I eat children.” Everyone laughs. He asks the boy how old he is, and he says 12. And Johnson says: only up to 10. Everyone laughs. He says these things with a very straight face and then laughs when the others laugh but goes straight back to being serious. And why? Well, let’s see the last one: He posted on his Instagram account a picture of a little girl and himself. He writes: “This adorable little darlin’ cupcake came to meet me and present me with a beautiful lei. I bent down to tell her how much I LOVE to eat little children, but she seemed totally unfazed.” You think he’s joking? I wish he were.

Christina Aguilera

Christina Aguilera was a Disney Channel actress when she was young.

Britney Spears

Britney Spears was a Disney Channel actress as a child.

Grammy Award Shows

Katy Perry

Madonna

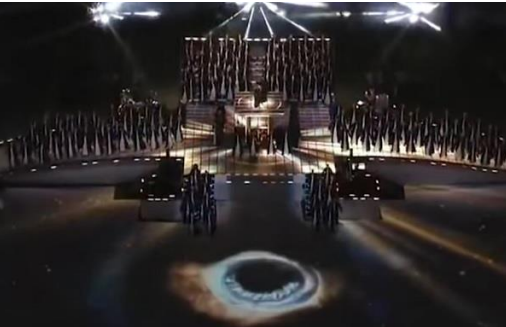

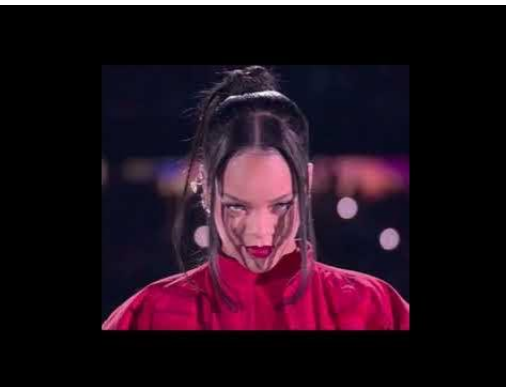

Sam Smith

Kendrick Lamar

Superbowl Shows

Another expression of art? Definitely not. This is all Illuminati symbolism. It's subliminal. Your brain recognizes it subconsciously. It influences you without you knowing it. 1st row left picture shows "SATAN" in the back, which was part of an overwhelming amount of images that the masses were flashed with at

this time. When Rihanna performed (2nd row left), they displayed laser pentagrams, and she acted demon possessed. The 2 pictures at the bottom show the “all-seeing eye” and 3rd row left shows Katy Perry riding a beast, which is a reference to the Bible, but in a mocking way. Everything is just dark, overtly sexualized, and evil. People think it’s cool, but in reality it subconsciously changes people – what they think and what they accept.

One of the common denominators for all these “artists” is either their background with the Disney Channel, or their music record labels. This explains why all of them are doing the same things, supporting the same agenda. This is just a small example for what is actually out there. Hollywood and the music industry are over-saturated with artists that promote drugs, sex, gender confusion, homosexuality, satanic rituals, pedophilia, cannibalism, and a lot of them support Agenda 2030 by advocating for diverse program points, like gender equality, hunger, feminism, abortion, and freedom of expression, to name only a few. By doing so, they help the elite to indoctrinate the masses and make them influenceable for all these topics by displaying them as something normal. This leads to an overall accepting, and submissive population that doesn’t question anything and doesn’t recognize when they are being deceived, because, hey, it’s just “art”, right?

MK Ultra – Mind Control

MK Ultra is a research program from the CIA with the aim of modifying behavior, conducted between 1953-1974. In 1975 “the Deputy Director of the CIA revealed that over 30 universities and institutions were involved in an “extensive testing and experimentation program which included covert drug tests on unwitting citizens at all social levels, high and low, native Americans and foreign.” “Other experiments were equally offensive. For example, heroin addicts were enticed into participating in LSD experiments in order to get a reward-heroin.” (www.intelligence.senate.gov – joint hearing August 3, 1977). The CIA is not what the world believes it is. They don’t exist to protect. They exist to deceive, manipulate, and control the population, and frankly the entire world. It’s not the elite – it’s a tool of the elite to help achieve their agenda. The CIA has been linked to drug and weapon trade, to incite incidents - from violent protests and demonstrations to wars. Furthermore they are involved in human trafficking, mainstream media (MSM), teaching/indoctrinating, coups, organ trade etc. And the CIA is not the only agency in the world to influence what’s happening around the globe. Mossad, FBI, KGB – all these allegedly helpful and protective agencies are involved with all the evil that is going on in the world.

It is believed that the MK-Ultra did not stop in 1974. All these Disney Kids are believed to have been part of this program which is said to have manipulated them into becoming what they are today. Their lives have become train wrecks. There are several people out there that talked about their experiences while being part of the MK Ultra project. One of them, Ken Kesey, testified that the CIA tried to weaken people with LSD to be able to put them under the control of interrogators. But the opposite was the case. The psychedelics came to be a tool of enlightenment for him. He was an author and cultural icon. Kesey said that the CIA experimentation helped in evoking the kind of epiphanies that ultimately served as the foundation of the counterculture movement of the 1960s in which the Western World developed an anti-establishment culture. Kesey recalled, “We suddenly realized that there’s a lot more to this world than we previously thought. One of the things that I think came out of it is this, is that there’s room. We don’t all have to be the same. We don’t have to have Baptists coast to coast. We can throw in some

Buddhists and some Christians, and people who are just thinking these totally strange thoughts about the Irish leprechauns—that there is room, spiritually, for everybody in this universe.” Please note that these "considerations" arose after drug use. Drugs open the doors to satanic and demonic influences. Therefore, this experiment confirms exactly what I have been writing about all along. "Enlightenment" does not just come from us humans. It is not of human origin. "Enlightenment" is therefore proven to be of demonic origin and manifests itself in the human mind through the use of drugs.

A singer and waitress at a San Francisco bar, Ruth Kelley, was unknowingly given LSD before performing on stage. George H. White, a veteran of the US Bureau of Narcotics who headed up a part of the MK-Ultra program called Operation Midnight Climax, found Kelley attractive but resistant to his advances, so either he or one of his men dosed her with LSD before her performance. White wanted her to partake in things she had no interest in, which included the use of prostitutes to lure johns into a CIA safe house on Telegraph Hill in San Francisco. Once there, the prostitutes dosed their clients, while CIA agents observed the effects of the drug through a two-way mirror. The house was later renovated, and construction crews found microphones hidden in the walls and other recording equipment that had been disguised as electrical outlets.

You can read more about this here: www.listverse.com “Real victims of the CIAs MK Ultra program” an article by Francis Wolfe.

So, now that we understand the workings of this project, I think it’s easy to see how they were able to influence these Disney Channel kids and music artists. LSD is a powerful drug, and they know how to use it. It is believed that drugs are the means by which people open the gateway to evil. They open themselves up for demonic influences. Which makes sense when you look at all these singers.

Pedophilia and SRA (Satanic Ritual Abuse)

Every year 800,000 children disappear in the United States alone. In the UK and Germany it’s over 100,000 yearly. In India about 96,000. The worldwide estimates go up to about 8 million children. You have to ask yourself – where do 8 million children disappear to? 8 million!!!

There are around 500,000 active predators on the internet every day. Children between the ages of 12 and 15 are the group most targeted by online predators. They account for over 50% of the victims. Girls are 2-3 times more likely to be molested. There are over 42 million adult sexual abuse survivors in the US. About 30% of all sexual abuse victims are assaulted by family members. (Statistics from www.screenandreveal.com updated in Feb 2023).

1 in every 7 victims of sexual assault reported to law enforcement were under the age of 6.

The FBI discovered that pedophiles use their own “language” to communicate their preferences. This has been exposed during the PizzaGate scandal in 2016. If you ask Wikipedia and the MSM, which are largely operated and manipulated by CIA agents who produce false content, you will find that this is labeled a “conspiracy”. This term is said to have been invented by the CIA in 1967. You see how all of this works together? If you own the media, you own the narrative. But when you dig into this topic and start to connect the dots you’ll see how this is way more than just a conspiracy theory. People have spent a lot of time researching and connecting events and people. And they found that there’s an entire web of

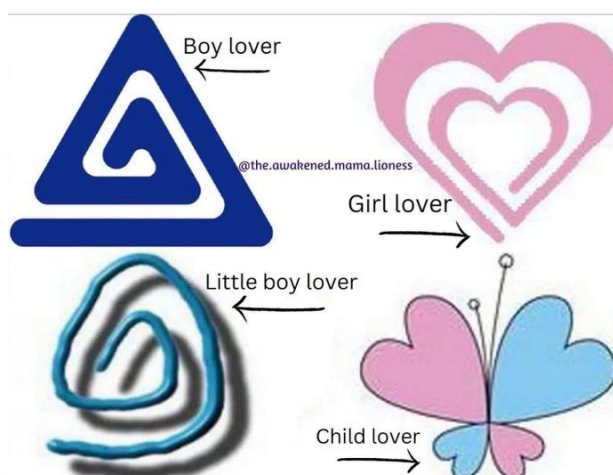

pedophiles. Not just among the general public but especially in governments, law enforcement, military, various organizations, justice departments, churches, and entertainment. Some of these pedophiles get exposed at times, but unfortunately not many of them. But you can see here and there, news about someone in higher positions of authority, who was discovered to be a child molester or in possession of child pornography. And we all know about the priests and bishops that were linked to child abuse. This has happened quite often in the last several years. I have two friends who grew up in church and who told me that their friends and family members got molested by the priests of their church. This is the cruel reality we live in. This is not to say that all churches are involved in detestable acts like that. Evidently it happened quite often in Catholic Churches, and in other forms of communities like Jehovah's Witnesses or Mormons.

I had planned to lay out the entire PizzaGate scandal and all known details here, but I decided that this is simply too much and too detailed for most. I don't care if people call it a conspiracy theory – I have seen the evidence, I've connected the dots – I believe it's true. (I do have a separate file on that topic if anyone is interested in the details.)

So, let me just tell you this much: Those involved are the highest-ranking individuals in the nations. I'm talking about politicians like Bush, Clinton (both!), Obama and Biden. And this is just America. This pit is deep. Trump didn't just say that he will take out the Deep State/ drain the swamp. He was talking about THESE people and all their friends and sick acquaintances. A lot of people that were about to expose these pedos suddenly died of "suicide", people that were not suicidal and even said shortly before they died, that people need to ask questions if something suddenly happens to them. How come you don't know about it? Well, because the people involved work also for the media. They make anything about this topic disappear – evidence and people. Why is it called PizzaGate? Because pedos use pizza terms to describe their sick preferences. This is what the FBI found out about:

These are symbols pedophiles use to show their preference.

revealed that while his former Vice President loved ice cream, pasta with red sauce was one of his favorites. He said, “He can go deep on that.” This is how the conversation started. So, the first thing these inhuman creatures do, is talk about child abuse in code in front of the entire world.

Pizzagate took off when Wikileaks posted leaked emails from John Podesta, Hillary Clinton's campaign manager in 2016. These emails put a spotlight on himself and Podesta's brother, Tony Podesta who owned tons of "art" like the following:

What are we looking at? We are looking at dead girls. Tied up girls and boys. Naked kids. Art?

<https://lizcrokin.substack.com/p/pizzagate-exposed-part-3>

This link will bring you to 3 PizzaGate articles written by Liz Crokin who did a great job in putting it all together. I suggest reading all 3 to get a better idea of what's happening.

Another site I'd suggest checking out is this one:

There you can see other paintings from the artist featured above. This will give you a better idea of what is happening in these dark places in which children are being abused and killed. There you will also see evidence for the human hunting parties that I mentioned earlier. I don't know if this woman is a survivor or predator, but she has lots of insight.

The woman who painted the following abuse pictures survived sex trafficking and torture. Her name is Kim Noble. She painted pictures of ritual abuse. Tony Podesta had several pieces in his collection.

Tony and John Podesta are friends of Marina Abramovic. She is a Serbian artist who became the ambassador for the Ukraine installed by President Zelensky during the war between Ukraine and Russia. She was also in a commercial for Microsoft. Her "art" is very controversial and shocking for the viewer. It often depicts cannibalism.

Abramovic has close ties to Lady Gaga and John of God, a self-proclaimed, spiritual healer who operates on humans without anesthetics. I've seen videos of it. She also had ties with US actress Allison Mack who has been released from prison early after serving two years for her role in a sex-trafficking case tied to a cult-like group.

John of God had people videotape his “surgeries” and put them online. On the picture in the middle you can see him performing some spiritual surgery where he pushes a tool all the way into the woman’s nose and pulls something out. She bled and was very much in pain. There was another woman and he cut her breast open on one side and sewed it back up right after. In another video I saw him cutting into someone’s eyeball. And these are just a few of the things he on deceived people.

He got arrested in Brazil on rape charges and was sentenced to a total of 370 years in prison after being found guilty for abusing and raping over 600 women and young girls. He was also involved in a baby trafficking operation, where newborn children were sold to childless couples. He allegedly kept young girls in captivity on “farms” where they were forced to produce babies, as reported by The Daily Mail, Sabrina Bittencourt. The babies were purchased for about \$50,000. Sabrina died a mysterious death (an alleged suicide) in February 2019 after she exposed John of God. Many prominent figures, including Bill Clinton, Oprah, Shirley McLaine, Naomi Campbell, and former Brazilian President, da Silva have all been associated with him.

You see, the swamp is deep and ugly. I’ll leave it at that.

The best video you can watch online is the Oscar’s moderated by Ricky Gervais. He called them all out.

Indoctrination

Destruction of the Family

Arguably the most infamous demand of *The Communist Manifesto* is the “abolition of the family.” The family, Marx and Engels noted, was where patriarchy and capitalism worked in tandem to produce willing, alienated workers, where women became little more than “instruments of reproduction” for the men who ruled over them. While Marxists declared their hatred of the family over a century ago, things really came to a head during the 60’s counterculture. The feminist and homosexual militants made the family one of their main targets. But of course, one especially effective way to destroy something is to completely redefine it. Thus, a great way to demolish the institutions of marriage and family is to redefine them until they no longer exist. They have gone so far down this path in recent times, that we can no longer even use words like “mother” or woman.” We are now being forced to use concepts such as “birthing persons” or “female assigned at birth.” These days, men take hormones to have the full experience of breastfeeding a baby. Women have to compete with trans-men in sports. Highschool girls have to share bathrooms with transgender boys. Women are looking for self-fulfillment and career rather than being a mom and housewife and supporting her husband. Marriage has no value anymore. Online dating, zero commitment and finding happiness within oneself puts reproduction, forever-love, and marriage increasingly at risk. Due to all these changes in the last decades, we are getting close to a place where births won’t replace deaths any longer. Which will lead to depopulation, which is exactly what the elite wants.

Things like easy, no-fault divorce, the rise of the porn culture, androgyny, radical feminism, the homosexual and trans agendas, and the sexual revolution have all been part of the destruction. And as of late, AI has become part of this as well. You now can replace a woman with an AI avatar or even a robot girlfriend which you can control via an app.

60s

Counterculture

A broad-ranging social movement in the United States, Canada, and Western Europe that rejected conventional customs and traditional authorities and whose members variously advocated peace, love, social justice, and revolution.

The Public School System

In the 1830s, Horace Mann, a Massachusetts legislator and secretary of that state's board of education, began to advocate for the creation of public schools that would be universally available to all children, free of charge, and funded by the state. In the late 1800s, education was mostly a private practice that

took place in private institutions or through homeschooling. That changed in 1902 when John D. Rockefeller created the general education board. This board was responsible for founding the American public school system, and (when we follow the money) created, and shaped the American public school system. Rockefeller was not a teacher or doctor, nor was he educated in a way that would give him the ability to make decisions on what has to be taught in schools. As we are aware by now, education plays a large role in the manipulation of the human consciousness. Education influences the way humans perceive their environment. We are being forced into the school system early on. There we learn discipline (listening to an authority) and endurance (long days in school). Each child is forced to learn the accepted version of reality in order to fit into the mold desired by the elite. Just like any media outlet,

the big part of school is simply programming. It was Rockefeller who said, *"I don't want a nation of thinkers, I want a nation of workers."* And Einstein once said, *"Never confuse education with intelligence."* This is telling you everything you need to know about the education system. In order to be able to pay your future bills, you have to do well in school, so that you get a well-paying job. That's all we are conditioned to do from an early age.

As historian Michael Katz writes, *"The crusade for educational reform led by Horace Mann . . . was not the simple, unambiguous good it had long been taken to be. The central aim of the movement was to establish more efficient mechanisms of social control, and its chief legacy was the principle that 'education was something the better part of the community did to the others to make them orderly, moral, and tractable.'"*

Health Education

The business story of Western medicine, in the modern sense, starts with John D. Rockefeller (1839–1937). Rockefeller is "widely considered the wealthiest American of all time, and the richest person in modern history." Rockefeller is probably most famous for securing a monopoly in America's oil market, but many people haven't heard the rest of the story. By the turn of the 20th century, Rockefeller controlled 90% of all petroleum refineries in America through ownership of the Standard Oil Corporation (later split into Mobil, Chevron, Exxon, etc.) Concurrently, around 1900, the science world was getting excited about new "petrochemicals" and the ability to create a variety of new compounds from oil. Some of the first products derived from petrochemicals were plastics, but organic chemists knew that oil had the potential to create far more than plastic toys.

During this same era (early 1900's) scientists were doing groundbreaking work to understand the basic mechanics of life and human health. It was during this time that most of the essential vitamins were discovered, including B1, B2, Biotin, Vitamin C, Vitamin A, Vitamin D, etc. By identifying these vitamins science took a huge step forward and enabled simple vitamin remedies to cure conditions that were

caused by vitamin deficiencies (such as scurvy and rickets). And of course, scientists were also involved in research to re-create synthetic versions of these vitamins in a laboratory. In 1935, Vitamin C became the first vitamin to be artificially synthesized in Switzerland. Rockefeller was smart enough to see this as a big opportunity, with the possibility that vitamins and medications could be developed from petroleum. He saw the chance to control and monopolize multiple industries at once: petroleum, chemical and medical. And of course, petrochemicals were ideal from a business perspective because they could be patented, owned, and sold for high profits. But there was a big problem with Rockefeller's plan. Natural and herbal medicines were very popular in America during the early 1900s. Almost one half of the medical colleges and doctors in America were practicing holistic medicine, using extensive knowledge from Europe and Native American traditions. Rockefeller knew that to get total control of the medical industry he would have to expunge the competition. Rockefeller's first move was to use his vast wealth (from oil) to purchase part of the German pharmaceutical company I.G. Farben. (Look up Farben's involvement in WWII). Now that he controlled a drug manufacturing company, he could move forward with his plan to eliminate the competition.

In the early 1900's there were a variety of doctors and healing modalities in America. Some of the medical specialties included chiropractic, naturopathy, homeopathy, holistic medicine, and herbal medicine. To eliminate the competition Rockefeller hired a contractor named Abraham Flexner to submit a report to Congress in 1910. This report "concluded" that there were too many doctors and medical schools in America, and that all the natural healing modalities which had existed for hundreds of years were unscientific quackery. The report called for the standardization of medical education, whereby only the AMA (another monopoly) would be allowed to grant medical school licensure in the U.S. Certainly, Flexner's report did have some valid points, but unfortunately the motives for the report were entirely driven by Rockefeller's desire for complete control of the medical system. Based on the report, congress acted upon the Flexner's recommendations and changed laws related to medical practice. Incredibly, allopathic medicine became the standard modality, even though at the time its main treatment methods were bloodletting, surgery (quite barbaric at the time) and the injection of toxic heavy metals (lead and mercury) to supposedly "displace disease." With new laws in place, Rockefeller teamed up with Andrew Carnegie and started funding medical schools all over America on the strict condition that they only taught allopathic medicine. Through the power of their huge "grants," this powerful team systematically dismantled the previous curricula of these medical schools, **removing any mention of the healing power of herbs or natural treatments. Teaching on diet and other natural (non-drug) treatments were also completely removed from medical programs.** After removing traditional medicine from medical schools, Rockefeller made sure to secure his monopoly by launching a targeted smear campaign against his competitors. Homeopathy and natural medicines were discredited and demonized through the newspapers and other media of the time. Some doctors were even jailed for using natural medicine treatments, including treatments that had been used safely and effectively for decades before. In a very short time, medical colleges were all homogenized. All the students were taught the same allopathic system and medicine was now defined as a process of prescribing patented drugs. "A pill for an ill" became the mindset of American medicine. Rockefeller didn't stop at U.S. borders. He actually went into China to spread Western Medicine. Rockefeller wasn't content with just wiping out traditional medicine in America, he saw a bigger market on the other side of the world and wanted to remove Traditional Chinese Medicine from China! Luckily, his venture in China mostly failed and the practice of Traditional Chinese Medicine was preserved for centuries to come.

In short, the diligent work of Rockefeller and Carnegie was a smashing “success.” They crushed the underfunded, grassroots competition and created our current medical system. This system continues today wherein “Big Pharma” makes large “donations” to medical schools in exchange for teaching the medical students to use their patented drugs. As part of this system, many alternative treatments are criminalized. For example, by law, it is illegal to treat cancer with any modality except chemotherapy, surgery, or radiation. It is actually a criminal felony for a medical practitioner to treat cancer with anything but these three modalities. Why is this the case? Follow the money. The average cost of cancer treatment is \$150,000, so clearly Rockefeller was keen to keep the monopoly on this one. And of course, the American Cancer Society was founded by none other than John D. Rockefeller in 1913.

Hopefully, this post will shed a bit of light on the history of our current medical system. At the very least we can all be less surprised when “patients” are treated like “customers” and when medications cost thousands of dollars per month. Unfortunately, these are the natural effects that occur when our medicine system is run like a mega corporation instead of a service to the people.

(<https://meridianhealthclinic.com/how-rockefeller-created-the-business-of-western-medicine/> I took this post from this page. It explains everything just perfectly.)

Rockefeller was an expert in quackery. Having no medical education whatsoever, he went out into the world and prescribed all these life-threatening drugs and treatments. He took away proven methods that actually healed people and replaced them with his money-making inventions. If you don’t call that evil, then I don’t know what is.

To me, western medicine is like a religion – and I don’t believe in it. Doctors these days don’t know anything about root causes. I just recently visited one and he had no idea about vitamins and minerals, and how and when to supplement these. I’m not blaming them, it’s not their fault, it’s the education they receive. But you would think that at some point they would notice that something isn’t going right. But then we have to remember the money that stands behind all of this. People are greedy and selfish. And that’s how I picture doctors who don’t question the outcomes of their treatments.

I don’t know many holistic doctors, but the ones I know are awesome. They actually make a difference in your health. And they do NOT use drugs. One of them is Dr. Barbara O’Neill. If you need some health advice, check her out, she works in alternative medicine. She was banned because the way she treats patients doesn’t benefit the medical industry. When you google her, she’s being called dangerous. She’s not. I did some of the things she suggested, myself, and they changed my life for the better.

We talked about symbolism before and there's more to come. But I want to point this out:

I'm not sure if I made that clear enough yet, but the snake is a symbol for Satan. 1. Medical Doctor symbol, 2. World Health Organization (WHO) Symbol, 3. Star of Life symbol. I did some research and found that this symbol comes from the ancient Greek mythology. According to the Greek myths, Asclepius, the Greek god of medicine, learned the art of healing from both his father **Apollo** and the centaur Cheiron. In time, he became so skilled in surgery and the use of drugs that he was revered as the founder of medicine. This myth has existed since 300 BC. Apollo is the Greek synonym for Satan. He's also called the god of the sun or light – all references to Satan. In my opinion, modern medicine has directly become even more scary just now. Also, when you look at the first symbol for a medical doctor – it looks similar to this one here, which I showed before, and is 100% of satanic origin:

Pope Francis holding a staff representing the Gnostic kundalini shaft with the twin serpents leading up to the pineal gland (third eye) activation. This is present on the Baphomet (goat god) as his phallus. Gnosticism - Greek = Gnosis = Knowledge. It refers to mythical or esoteric knowledge. Which goes back to enlightenment. This makes it very clear where the Catholic Church stands. They do NOT believe in the God of the Bible.

But do you see how all of this is connected? Evil is saturating everything. And Satan is more present in this world than you would have thought, isn't he?

I could tell you so much more about medicine. This is just a little overview.

UFO's (UAP's) – An Explanation

When we talk about indoctrination we also have to look at other areas that are more subtle and not the first thing we think of. We all know about Area 51 and Roswell through various movies, series, and documentations. Does area 51 exist? No one knows for sure. But what we do know is that we were made to believe that they have captured UFOs and aliens and that they ran tests on them. The USA has made a huge deal out of this topic without presenting any evidence. They've declared it to be a secret which is only disclosed to people with the appropriate security clearance (high ranking officials in military and government and certain scientists). In the last week of July 2023 there were congressional hearings in Washington DC in regard to UFOs. Former military personnel testified to having seen UFOs, and that they have captured non-human materials, organic matter, and biological matter. Military personnel from England and Canada are coming forth with testimonials as well. My first opinion on this matter is that this is most likely not true, and just another attempt to implement fear. I never believed in aliens. But knowing the Bible now and listening to pastors teaching on the matter, based on Bible scripture, I'm not so sure anymore that the sightings are invented. In fact, they absolutely could be something. We know that 98% of UFO sightings were actually explainable. But there are 2% that are not. Yet the Bible does have an explanation for them. During my studies of science in connection with the Bible, I have learned that the Bible stated scientific facts thousands of years before scientists got to the root of things. Complex and hidden topics like streams in the oceans, hydrothermal vents, atoms, and infections. It's all mentioned in the Bible. Today, scientists believe that our universe has several dimensions. We know of 3 dimensions at this point. Einstein's relativity theory suggests 4. I'm no expert in this field. That's what I've read. Here's the thing: The Bible shows evidence for other dimensions. From the Bible we know that God existed before anything else did. He's outside of space and time. Now, we can't grasp that with our brains. And I don't think we have to. There are many things that we don't know anything about and that's ok. They don't affect our daily life. But when it comes to life after death and understanding what heaven and hell are – I believe, the Bible is the only place to look for answers that are somewhat satisfying. Science has proven the Bible right many, many times. I don't see why it should be different with this topic. So, let's have a look at it.

Pastors believe that angels can step in and out of dimensions. The Bible tells us that Jesus can, and in fact did, step in and out of our dimension. The Bible is full of evidence for that.

Luke 24:30-31 *"When he was at the table with them, he took bread, gave thanks, broke it, and began to give it to them. Then their eyes were opened, and they recognized him, and he disappeared from their sight."*

John 20:19 *"On the evening of that first day of the week, when the disciples were together, with the doors locked in fear of the Jewish leaders, Jesus came and stood among them and said, "Peace be with you!"*

Matthew 17:1-9 *"After six days Jesus took with him Peter, James, and John the brother of James, and led them up a high mountain by themselves. There he was transfigured before them. His face shone like the sun, and his clothes became as white as the light. Just then there appeared before them Moses and Elijah, talking with Jesus. Peter said to Jesus, "Lord, it is good for us to be here. If you wish, I will put up three shelters—one for you, one for Moses and one for Elijah." While he was still speaking, a bright cloud covered them, and a voice from the cloud said, "This is my Son, whom I love; with him I am well pleased."*

Listen to him!" When the disciples heard this, they fell facedown to the ground, terrified. But Jesus came and touched them. "Get up," he said. "Don't be afraid." When they looked up, they saw no one except Jesus."

In these verses you'll find that Jesus appeared in a room, but not through the doors since they were locked. And the same way he also disappeared from a room. In Matthew, Jesus' appearance changed in front of the disciples, and Moses and Elijah appeared out of nowhere and disappeared in the same way. This suggests that their bodies are different from ours and can appear and disappear in the twinkling of an eye. This fact gets supported by other scripture.

1 Thessalonians 4:14-17 *"For we believe that Jesus died and rose again, and so we believe that God will bring with Jesus those who have fallen asleep in him. According to the Lord's word, we tell you that we who are still alive, who are left until the coming of the Lord, will certainly not precede those who have fallen asleep. For the Lord himself will come down from heaven, with a loud command, with the voice of the archangel and with the trumpet call of God, and the dead in Christ will rise first. After that, we who are still alive and are left will be caught up together with them in the clouds to meet the Lord in the air. And so, we will be with the Lord forever."*

1 Corinthians 15:51-54 *"Listen, I tell you a mystery: We will not all sleep, but we will all be changed — in a flash, in the twinkling of an eye, at the last trumpet. For the trumpet will sound, the dead will be raised imperishable, and we will be changed. For the perishable must clothe itself with the imperishable, and the mortal with immortality. When the perishable has been clothed with the imperishable, and the mortal with immortality, then the saying that is written will come true: "Death has been swallowed up in victory."*

These verses prove that our bodies will change when we get raptured. When we change into the form Jesus took after His death, we will experience another dimension, and structural makeup of our bodies. Jesus didn't go through walls or closed doors, He stepped into our dimension after His resurrection. He is also able to somehow change His appearance so that people don't recognize Him until He let them see his true form. They were able to touch Him. They ate with Him and John put his finger in Jesus' side to convince himself that it was in fact Jesus. So, whatever form He has, and even though we are not able to describe it, this is what the Bible says. We might never be able to get there with our understanding of physics or biology. But we will understand when we are transformed. In fact, it is not only the Bible that talks about this transformation of the body. You have certainly heard of near-death experiences. If not, I strongly recommend that you listen to or read some testimonies about it. The company "Angel Studios" has just produced a documentary ("After Death") in which people, who have died and been resuscitated, give their testimony about what they have experienced. They describe leaving their bodies and floating above the scene. These people were able to describe situations and things that happened around their dead body. Many report that they saw a bright light or that everything was bathed in light and that they encountered God. They were surrounded by pure love, joy, and peace. Some met acquaintances and relatives, who were already dead. They were often told that they had to go back, even though they didn't want to, because it was so wonderful there. This did not only happen to people who believed in God. There are also opposite experiences where people got a glimpse of hell. This is proof that there is life after death. The first people to look into the subject spent years documenting the near-death experiences of hundreds of people before going public with them. All these reports agreed on many points and had only small, individual nuances. But the experience of floating above one's own body and

encountering, as they report, God, is something they all have in common. These views did not come about because one person told them about it and then everyone else followed suit. These people knew nothing about each other. And yet they all have the same experience. So, if you've ever wondered if there is life after death - here's your answer. People, who have been resuscitated and the Bible, say there is. Of course, science came along at some point and tried to discredit these experiences by saying that this is a chemical process that goes on in the brain to make dying more pleasant. But this is obviously made-up nonsense. It doesn't explain at all why the temporarily dead were able to describe events, people, and objects. Their eyes were closed, and their hearts stopped beating.

Thus, the only reasonable explanation for UFO sightings and aliens is that we are living between two worlds and that we are dealing with literal spiritual beings that are demonic in nature. The Bible states that angels can manifest themselves in human form (Hebrews 13:2, Acts 12:6-11, Luke 1:11-20, Acts 27:23, Matthew 28:2-7). It is therefore quite possible that fallen angels (demons) can also manifest themselves in any form. Moses already speaks of this in Genesis 6, which could explain the encounters that people report.

But there is also the possibility that UFOs were invented by the elite and are now being misused to explain certain things. There is an Illuminati card game, which I will talk about later, which contains the following card:

We have to ask: Why is this only happening in America? No other country claims to have UFOs in their possession. I and many others believe that they could use this UFO story to explain the Rapture after it happens. This event will turn the world upside down and the elite had better have a plan to explain it if they want to prevent people from starting to believe in God. We have already talked about indoctrination and deception. They "accustomed" us to UFOs a long time ago through movies. The world wouldn't be too shocked to hear that aliens have abducted millions of people. This narrative is already in circulation. We know that there are people who claim to have been abducted by aliens. I'm not sure how they would explain why aliens have only abducted Christians, but I don't really care because I won't be here to hear the answer. The important thing is that people know it's not aliens. The Bible tells us all about it. We just need to read and understand. If you want to learn about the Rapture and the Tribulation in a simple way, I recommend watching the movie series "Left Behind" with Kirk Cameron. It's a rather "weak" tribulation period, but you get an idea of it.

The Book of Ezekiel

The book of Ezekiel is one of the major books of prophecy in the Bible. It was written by the prophet Ezekiel between 592 BC – 570 BC. We know this because he gave us the timeline in his book. At that time, Israel was in exile. Babylon took them captive in about 586 BC when Nebuchadnezzar destroyed Jerusalem. In chapter 36, God promised that he will restore the land of Israel and the people to their land. He said that the Israelites would return home. In 539 BC they were freed and sent back to their own country by Cyrus the Great who defeated the Babylonian Empire and started the Medo-Persian Empire. Construction of the 2nd temple began in 537 BC. In 70 AD the 2nd temple in Jerusalem was destroyed by the Roman Empire, ending the Jewish rule in Israel. The Jews scattered all around the globe. Not too long ago, in the 1800s, Israel was a desolate waste land.

Ezekiel 36:24 *“For I will take you out of the nations; I will gather you from all the countries and bring you back into your own land.”*

Ezekiel 36:36 *“Then the nations around you that remain will know that I the Lord have rebuilt what was destroyed and have replanted what was desolate. I the Lord have spoken, and I will do it.”*

Isaiah also had a vision. He prophesied about a lot of different events, like the 1st coming of Christ and the end times. He also prophesied about a time when Israel will become a nation again – in just 1 day.

Isaiah 66:8 *“Who has heard such a thing? Who has seen such things? Can a land be born in one day? Can a nation be brought forth at once? ...”* This was written somewhere between 701-681 BC.

And indeed, Israel became a nation in one day – on May 14th, 1948, Israel became officially a recognized, sovereign state again. Within one day. God has kept His promise. No one had expected this. Not even the Jews after being scattered far and wide for nearly 2000 years. God also speaks of the fact that Israel was a waste land before the Jews came back in Ezekiel 36:34

The declaration of independence in 1948 triggered an ongoing war between Israel and the surrounding Islamic nations, who objected to the presence of a Jewish state. They started a war against Israel with the stated goal of exterminating the Jews. But they prevailed and were not uprooted again, as God had promised.

Israel becoming a nation sets the stage for World War III. And this war is described in Ezekiel 38 in great detail. God goes as far as naming the nations that will come against Israel. He does that so the world will know that He is God when it comes true. No one else is capable of telling us what will take place in advance.

Ezekiel 38:1-11 *“The word of the Lord came to me: ‘Son of man, set your face against Gog, of the land of Magog, the chief prince of Meshek and Tubal; prophesy against him and say: ‘This is what the Sovereign Lord says: I am against you, Gog, chief prince of Meshek and Tubal. I will turn you around, put hooks in your jaws and bring you out with your whole army—your horses, your horsemen fully armed, and a great horde with large and small shields, all of them brandishing their swords. Persia, Cush and Put will be with them, all with shields and helmets, also Gomer with all its troops, and Beth Togarmah from the far north with all its troops—the many nations with you.’”*

“Get ready; be prepared, you and all the hordes gathered about you, and take command of them. After many days you will be called to arms. In future years you will invade a land that has recovered from war, whose people were gathered from many nations to the mountains of Israel, which had long been desolate. They had been brought out from the nations, and now all of them live in safety. You and all your troops and the many nations with you will go up, advancing like a storm; you will be like a cloud covering the land.

“This is what the Sovereign Lord says: On that day thoughts will come into your mind, and you will devise an evil scheme. You will say, ‘I will invade a land of unwalled villages; I will attack a peaceful and unsuspecting people—all of them living without walls and without gates and bars.’”

Gog is the leader of the invasion. Gog is a title like “Pharaoh” for example. He is the military and political leader of Magog, which is Russia. When you look up old maps with nations/tribes all over the region, you can figure out which nations live there today and draw conclusions as to who will advance

against Israel under the leadership of Russia. Meshek is southern Russia and/or Turkey or Armenia. Tubal was a northern area of Turkey. Persia is Iran today. Beth Togarmah is Turkey/Syria/Armenia – that area. Put is Libya and maybe Algeria, depending on how far Put reached back then. Cush was the area of today’s Sudan and/or Ethiopia. Gomer was the southern Ukraine region and Turkey. Scholars believe that this battle will take place right before the tribulation, or at the beginning of the tribulation. It depends on when the antichrist will be revealed. He is going to make a peace treaty with Israel, and all the nations, as the Bible reads, says that Israel will be at peace when they attack. So, there is a chance that the antichrist will be revealed before that. Which means that the church, the believers in Christ, won’t be on earth anymore. On the other hand, the war could also happen before the antichrist is revealed, so when the war is over, he could come on the scene and make the peace treaty. The details on that are all speculation – only God knows what is going to happen and in which order. This is one reason why He

always says, “Do not be afraid.” and “No one knows the day or the hour.” We are to keep our eyes fixed on Jesus and not to worry about the things to come. We know He is going to protect us from the hour of tribulation because he promised it several times in the Bible. And God is true to His word.

God tells us that Russia will advance against Israel along with the nations of Iran, Turkey, Syria, Libya, Ethiopia, Algeria, and Sudan (if the regions have been mapped correctly). All of these nations are Islamic nations. Islamic nations hate Israel/Jews. In early 2024, Israel has no relationship with Syria or Iran. Iran has wanted to wipe out Israel for a long time. Iran is supported by Russia who is against Israel. Syria was/is fired upon by Israel. Turkey is against Israel. Libya has no diplomatic ties with Israel and many people in the country are against Israel. Algeria has spoken out against Israel's actions against Gaza and the relationship was not exactly exhilarating before that either. There is currently no clear statement on the relationship between Israel and Ethiopia. The basic conditions for the Ezekiel War have therefore been created.

Ezekiel 38:18-19 *“This is what will happen in that day; when Gog attacks the land of Israel, my hot anger will be aroused, declares the sovereign Lord. In my zeal and fiery wrath, I declare that at that time there shall be a great earthquake.”*

God gives us another indicator for what is to happen when Gog and the nations attack. More proof of His divine power, which will confirm His existence when that day comes.

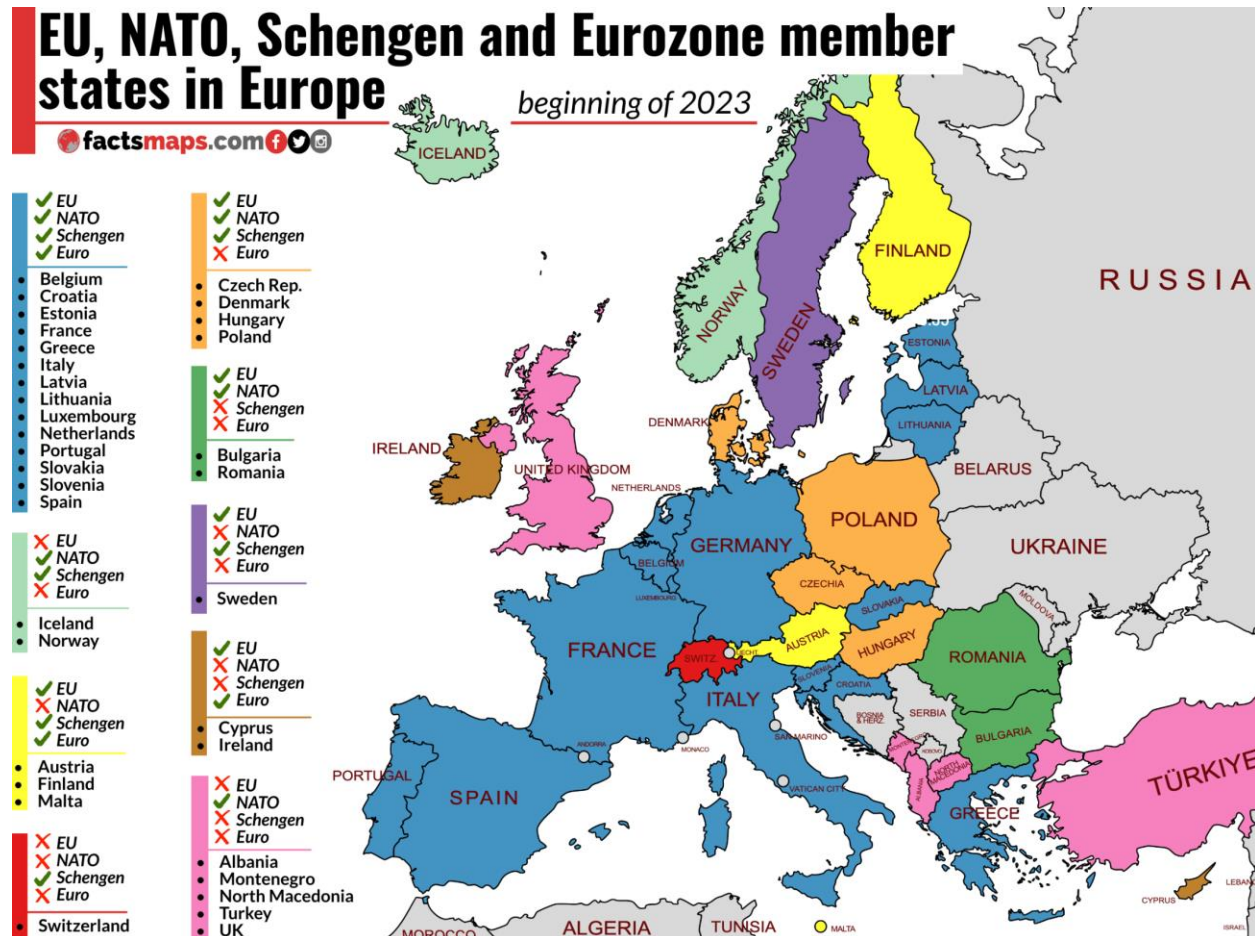

Ezekiel 38:21-23 *“I will summon a sword against Gog on all my mountains, declares the Sovereign Lord. Every man's sword will be against his brother. I will execute judgment on him with plague and bloodshed; I will pour down torrents of rain, hailstones and burning sulfur on him and on his troops and on the many nations with him. And so, I will show my greatness and my holiness, and I will make myself known in the sight of many nations. Then they will know that I am the Lord.”*

God tells us that he will make the attacking nations turn against each other. He will bring down on them the same judgements he brought down on other nations in history, like fire and brimstone on Sodom and Gomorrah and hailstone on the Amorites. Each of them was dreadful by itself, but all combine in the destruction of Gog to make it most terrible. Brimstone is an old name for sulfur. It is used in missiles today. Scholars assume that this will be the fight of WWIII. Analysts actually believe that WWIII has already begun when Russia invaded Ukraine. And if this is not the beginning, then there are other situations arising slowly. Russia has already threatened to “take action” against Lithuania over a ban of transporting goods to Russia. Lithuania is a NATO member. If Putin would attack Lithuania, he would

have all of NATO against him, and this would be for sure WWIII. This happened in June 2022. Another tense situation is happening right now (fall 2023) between Russia and Poland. Poland intends to deploy 10000 soldiers along its border with Belarus as tension rises amid Russia's war in Ukraine. Additionally, Russia is fighting

the war against Ukraine at the border to Romania, which is another NATO member. The war between these two countries ended in December 2023 with the victory of Russia. There was a reason for this war that has nothing to do with Russia simply wanting to annex the Ukraine. I'll get to this in the 2nd Antichrist scenario.

Ezekiel 39:4 *"On the mountains of Israel you will fall, you and all your troops and the nations with you. I will give you as food to all kinds of carrion birds and to the wild animals."*

God tells us that Gog and his allies will fall in Israel. And in later verses He says that He will send fire on Magog (Russia). He also says that He will give Gog a burial place in a valley east of the sea (next to Israel is the Dead Sea and the Sea of Galilee) which will be called the Valley of Hamon Gog (= the hordes of Gog). In more detail He says that Israel will bury them in order to cleans the land for 7 months and that they will use their weapons for fuel instead of wood for 7 years.

That's the predicted war around the beginning of the 7-year-tribulation.

World Events

The Chosen People - Israel

Israel has been and will always be at the center of everything. Why Israel? Because Israel is God's chosen nation. That has nothing to do with favoritism or bigotry. Through Israel God revealed His plan for the redemption of sin. So, Israel was, is and will be the center of everything that happens in the world. That might not be YOUR reality but that is what's going on in the world. It doesn't matter if people think Israel is an unimportant little country. The Bible says that before Christ can return in the 2nd coming, Israel is required to be an active living country, a reborn nation and since May 14, 1948, that has been the case. Before that, Israelites were scattered all over the world, and didn't have their own state since 70 AD. Israel has always been in focus – especially for leaders of different countries. Examples of this are: Hitler, who wanted to kill all Jews. Babylon, who took the Jews captive and sent them into exile. Over 1.1 million Jews were killed under the rule of Vespasian and Titus after the destruction of the 2nd Temple in Jerusalem in the 1st century AD. There are also tons of historic reports of how Israel was crushed before the 1st century AD. After Jesus' death on the cross, Jews were often murdered for their role in crucifying Jesus. The nations have always been against Jews. Antisemitism is as old as the world. And why is that? Because of the Bible, and the fact that they are God's people. Unfortunately, not many people understand the term "chosen people" in the correct way and take offense to it. They get jealous. They feel neglected. So, their sinful human nature directs them to go against what is special, because they themselves don't feel special. And they still do this today. This is not about human against human or nation against nation – this is a spiritual war. The war between good and evil. And it has been fought for over 6000 years. And even if people stopped believing in God a few decades ago, this does not change the fact and the effects of this spiritual war. And these effects can also be seen and felt by the secular world - you don't have to be a believer. It is very obvious.

Ephesians 6:12 *"For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms."*

Politics – Israel and the World

Israel has been involved in fights and wars with its surrounding countries for decades – in fact ever since they became a nation. The state of Israel

Redemption

= release from sin, to buy back

With the death and resurrection of Jesus Christ, sin has been redeemed. Sin has to be paid for by blood/death and because Jesus took all of our sins upon Himself, He died on our behalf for our sins. This was the plan God had to counteract Adam's and Eve's disobedience that dragged the whole world down into hell.

Sin

= anything bad you do, say, or think that breaks God's law and goes against His character

God's Law

The 10 commandments are the law of God. The love for God and the love for our neighbor are the foundation of the law. Today, we are not bound by the law anymore like the Jews were before Jesus died.

was founded on the lands of Palestine. This land is owned by the British. The most important city in this area is Jerusalem. Not only in this area, but somehow for the entire world. This is kind of remarkable considering that the city isn't really outstanding in common terms when it comes to location, waterways, or resources. Yet, it remains exceptionally important on the world map. Why is that? Jerusalem has always been the most difficult issue pertaining to peace negotiations, and nations were, and are, constantly fighting over her. She is the "City of the Great King" – Jesus. But it is, also the city of King David who is Jesus' ancestor, and who lived around 1000 BC. He is one of the most important contributors and historic figures in scripture. You might know him from a story you have heard at some point in your life – "David and Goliath". Goliath was a giant who was slain by David with a sling shot and a rock. David established Jerusalem as the capital of Israel and God's headquarters, and that is what it is today. Jerusalem has been the holy city to Christians, as well as to Muslims for the last 1400 years. On a secular level, this might not make sense. Jerusalem has become "The Crossroads of the World" because it is the central trading route, an intellectual center, and corridor of power for empire after empire to plow through. This city has been attacked 52 times, captured, and recaptured 44 times and besieged 23 times. It was destroyed twice. Today she's also called "Zion". This symbolizes the Jew's return to their homeland. It also marks the prophetic meaning of the recreated nation.

One of the main issues that Israel has today is that their state was founded on the lands of Arabs after the United Nations voted in 1947 to partition land in the British mandate of Palestine into two states - one Jewish, one Arab – following the destruction of much of the European Jews in the Holocaust. No one in this region accepted the founding of Israel. The Palestinians that lived in this area before were expelled, fled, or were captured. They were never allowed to return. There is obviously way more to this topic and a lot has transpired after 1948. However, I don't trust any of the news outlets anymore when they talk about history. I don't have access to a proper library, so I won't go into detail about what happened in Israel and the surrounding regions within the last 75 years. Just know that it's a constant fight for land and ownership, and Israel is supported by the United Nations and the US.

With all the wars and fighting surrounding Israel for millennia, the country was on the cusp of a historic peace deal with Saudi Arabia, which Netanyahu announced at the UN General Assembly in New York on September 22nd, 2023. This peace deal, even though currently on ice after the Hamas attacks in October 2023, is a significant part of the end time prophecy. In his speech, Netanyahu speaks about peace in the middle east, and calls it "the new middle east." This is unprecedented and absolutely huge in regard to Bible prophecy. Not only did we see Israel become a state and nation in 1948, now there is most likely going to be peace between Jews and Arabs. Before the war of Ezekiel 38 breaks out, there will be peace for Israel. A peace in which Israel will not expect any attacks from anywhere.

Ezekiel 38:11 *"You will say, 'I will invade a land of unwalled villages; I will attack a peaceful and unsuspecting people' —all of them living without walls and without gates and bars."*

A country (or countries) that will not be part of the attack on Israel are Saudi Arabia and/or the UAE (in Ezekiel 38:13 described as Sheba and Dedan which are located on the Arabian peninsula – please refer to the map on page 162). This depends obviously on how accurate these maps are. The peace treaty with these Arab nations could potentially be the first indicator, and the path to this war in which Russia and many nations will attack Israel. Netanyahu drew a map of the "New Middle East", saying that this treaty is going to tear down barriers. He also declared that they would build a corridor of peace and prosperity from Asia through the UAE, Saudi Arabi, Jordan, and Israel connecting the Middle East to Europe. The

geopolitical implications of that, with Russia alone, are absolutely unbelievable. The economic prosperity that comes with it is going to be a thorn in Russia's eyes.

Israel has always been surrounded by a very hostile neighborhood. They all can't stand each other, but they agree on one thing and that is: destroy Israel and the Jews. The Quran says in Surah At Tawbah 9:123 "O you who have believed, fight those adjacent to you of the disbelievers and let them find in you harshness. And know that Allah is with the righteous." The Middle East has been a hotspot all summer and fall of 2023. The enemies of Israel - Iran, Syria, Hezbollah (Lebanese militant party), Hamas (militant Palestinian nationalists) – are standing at the border; ready to fight Israel. Israel, in itself, is weakened due to the political instability within the country. Netanyahu has been under attack by his political opponents for years now. The disunity & the friction, this is when a country is the weakest and most vulnerable. Iran has completed its plan to surround Israel with thousands of rockets and tens of thousands of well-trained militia forces. They have completed their preparations for a massive strike against Israel.

Russia and the World

Nord Stream 1 & 2

Russia's main export is gas which they exported mostly to Europe. This is done by land via Ukraine or sea. Nord Stream 1 is a natural gas pipeline that has run through the Baltic Sea, from Russia to North Germany, since 2011. The US has been concerned about the economic interdependence between Russia and Europe since the Cold War and is also worried it could be used as a geopolitical weapon by Russia. In 2014, Russia annexed Crimea, sparking a war in eastern Ukraine. This changed western attitudes, especially in the US Congress. They threatened Russia with sanctions even though Obama and Trump both were reluctant to impose such sanctions. Against the increasing threat of US sanctions, it seemed odd that Merkel's administration blessed the deal to build Nord Stream 2. Trump stood against it and said to Angela Merkel, that she can't be a member of NATO and at the same time allow the Russians to own her. When it comes to energy, you can't do that – your entire country depends on it. So, you either choose politics, and are a member of NATO, or you choose trade, and do business with a country that is a potential threat to Europe. Germany's economic interests have prevailed, and Nord Stream 2 was finished in 2021 after all sanctions got lifted immediately under the Biden administration. But it hasn't been operated yet. Then Russia invaded Ukraine, and Germany suspended certification of Nord Stream 2 in 2022. In September 2022 three explosions took place under the sea – two of them in Nord Stream 1 and one in Nord Stream 2. After investigation, this has been considered sabotage, but it's unclear who did it. During an interview between Tucker Carlson and Putin, Putin suggested that the CIA caused the explosions. He noted that one must ask the following question: Who has an interest in destroying Nord Stream and who has the means to cause such an explosion. These two components together narrow the field of suspects considerably. Before the Ukraine war, Europe got 40% of its natural gas from Russia. After the explosions, Europe didn't receive any more gas through Nord Stream 1. During the war, the gas flow was also stopped on the land line, which goes through Ukraine. Europe now gets no more gas from Russia. So far, there has been no major crisis yet. But here comes the news – in October 2022, an energy company discovered huge gas reservoirs in Israeli waters. At the moment, Israel is sending natural gas to Egypt for a little money, and they liquidize it and sell it for a whole lot more. In 2024, Israel wants to start liquidizing the gas themselves. The Israeli economy is thriving at the moment. And the Russian economy is plummeting. The Bible doesn't give us an indicator as to why Russia and its allies will attack Israel in

the war of Ezekiel, but some people believe that there is a chance that Russia could attack Israel for its gas reserves, if Israel starts to sell it to Europe and replace Russia as the major gas provider. But that's just speculation. There is so much going on in the Middle East at this very moment.

The Russia-Ukraine War

If you would ask Putin why he started attacking Ukraine, he would say (and he did say): "Ukraine is an integral part of Russian history and has a puppet regime managed by foreign powers." Now, you have to let this sink in. Everyone is very pre-opinionated against Russia. Keep in mind that anything you ever hear about Russia comes from the MSM (mainstream media) – therefore most of it is propaganda. In the aforementioned interview between Carson and Putin, Putin said that the propaganda machine in Western Europe and America is influenced by American financial institutions, which is 100% in line with what I am trying to convey to you here in my book. You can't trust the media. Looking at everything that happened with the Biden family so far, one should seriously wonder if what Putin said is not actually a fact. I have read in several different places that they have bio labs in Ukraine and are heavily involved in sex trafficking, which is a major problem on this planet. Biden is pumping American taxpayer money into Ukraine as if it's his own. Millions of dollars and tons of military equipment have been sent to support President Volodymyr Zelensky. Why? At the same time, Biden's own country is suffering in all areas. The American debt is up to over 34 Trillion dollars. Maui was burned down and left many people homeless, tornados hit – but Biden cares more about sending money to Ukraine. We know that Trump had a good relationship with Putin. We know that Trump opposes Joe Biden's behavior, and that he wants to stop him from destroying America. Trump is also aware of everything that was and is going on with the Biden family in connection with Ukraine. Here is my speculation: What if Putin supports Trump in his attempt to take out the Bidens, their labs, and sex trafficking rings by attacking Ukrainian lab locations and trafficking areas and tunnels? I mean, we heard him. He said that Ukraine is ruled over by a puppet (Zelenskiy was a former comic actor, which should tell you everything) and that he is managed by foreign powers (obviously the US through Biden and whoever else stands behind this – Ukraine is also heavily supported by Germany). I don't think the world was told the real reason behind this war except for what Putin said, but no one took that seriously, even worse - it wasn't even reported to the people. Unfortunately. The media has been very effective, yet again, to push the narrative dictated by the real people in power.

Zelensky hired a new ambassador to represent Ukraine. Her name is Marina Abramovic, I talked about her earlier. She is supposed to rebuild schools in the country. I don't think this woman should be around children. This seems very wrong.

Europe and Africa

Another thing happening right now is the conflict between Europe and Africa. Have you heard of the Wagner Group before? It's Putin's private army. And this group is in Syria, Libya, all across Africa and in Ukraine as well.

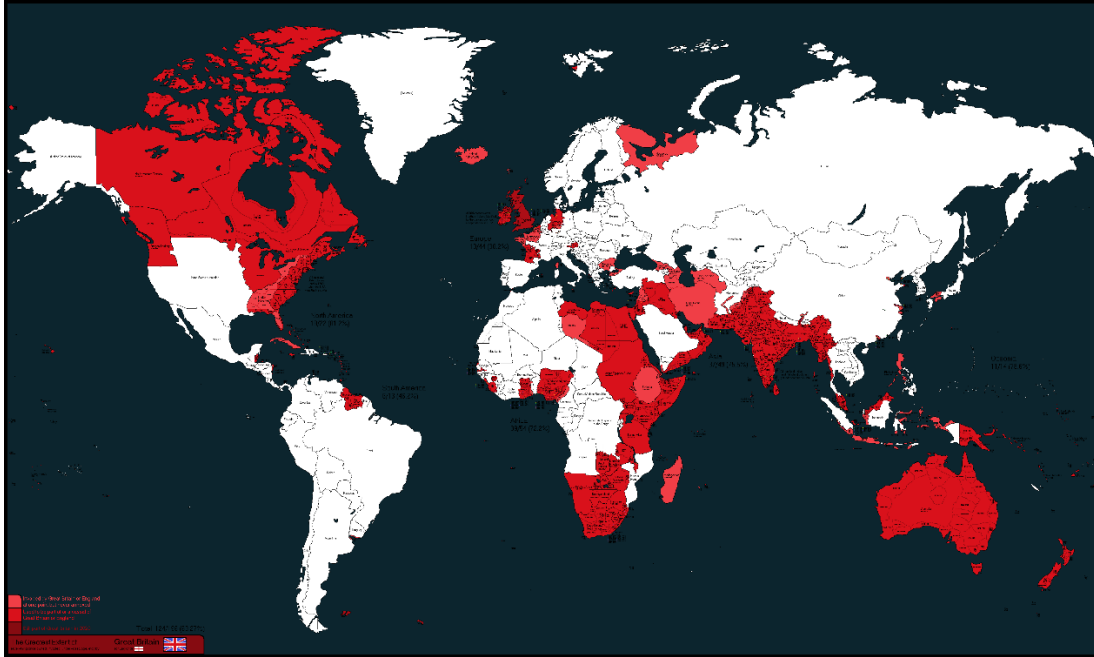

Below, you see a map with areas that are occupied and influenced by the Wagner Group. The goal: destabilization and the overthrow of the existing government. They create chaos use that to take over the government. Due to the military coups, Europe has imposed sanctions against Niger. Some European countries have economic interests in Africa, especially France, with its need for Niger's uranium. Russia is taking over the continent, which is a major concern to Europe considering that Russia is part of BRICS, whose influence in the world is growing by the minute.

I have come to learn that parts of Africa have been, and are occupied by France, and Great Britain. I've read that the coups are happening to end the occupation, and give the countries and government back to the African people. All to end the exploitation of people and resources. This is happening in connection with the events of my 2nd Antichrist scenario.

Map of all territories ever claimed/occupied and controlled by France.

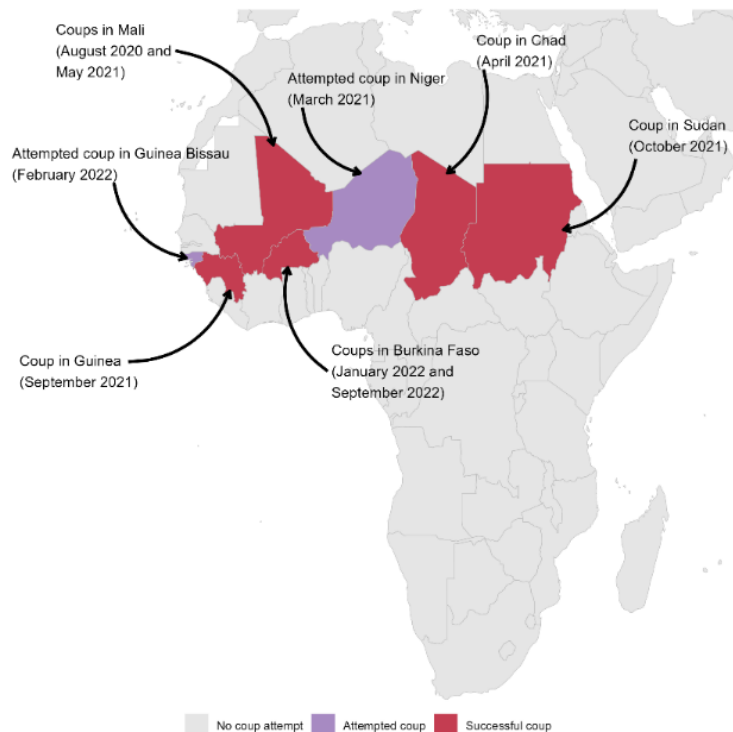

This is a map with all countries that have been occupied and exploited by France.

<https://www.reddit.com/media?url=https%3A%2F%2Fi.redd.it%2Fz3qb8xapg7k51.png>

This is a map of all the countries that Great Britain has ever occupied. This perhaps illustrates the importance of these coups. The people want their countries back and do not want to continue to be exploited and oppressed.

At the end of August, the leader of the group, Yevgeny Prigozhin, died in a plane crash. It is not clear if it was an accident, on purpose, or if he's even truly dead.

One after the other, countries are having military coups, and are very unstable. The latest one happened in Niger in July 2023. Niger is the 4th largest exporter of Uranium in the world and provides about 25% of the supply of uranium to the power plants in the European Union. They also just announced, after the coup, that they will not provide any more uranium to the European countries. Keep in mind, Europe is so thirsty for energy.

They held a Russia-Africa Summit at the end of July 2023. 90% of the African countries participated in this meeting.

Russia is gaining influence in the world. Putin met with Kim Jong-Un, the leader of North Korea, who is basically the enemy of the entire world, but especially the enemy of the USA. He has threatened to attack the US for years. With him being so close to Putin now, the pressure is on. North Korea has declared itself a nuclear power state.

Another ally of Russia is China. Another rival of the US, especially in regard to economics. China has been threatening to take over Taiwan for a long time, which could potentially cause a war between China, Taiwan, and the USA, primarily because America supports the independence of Taiwan. I personally don't think the US would take the risk to defend Taiwan against China when it comes down to it, that would start a world war. There's nothing written in the Bible about an issue like this, so I believe, this is just white noise. Rumors of wars, as it is written in the Bible. Many people worry about BRICS because they have the potential to take away the power the USA holds over the world. BRICS is a group comprised of Brazil, Russia, India, China, and South Africa. They held their annual meeting on August 22nd, 2023. Alliances usually grow out of their members' common interests. Not so with the BRICS.

The acronym was coined in 2001 by Goldman Sachs, a major bank, as a marketing tool to attract investment into four of the *world's largest, fast-growing middle-income countries* (South Africa was not originally part of the club). The four original countries formed an informal group in 2006, as allies that contributed to the world economy. In 2011, South Africa joined the group, and so the acronym became BRICS. The G7 countries— the U.S., Canada, France, Germany, Italy, Japan, and the U.K. – are a group of the *world's most advanced economies*. BRICS aims to reshape the political economic landscape to benefit themselves. They also discussed creating a new currency. The highlight of the last meeting was the agreement to add 6 new member countries: Argentina, Egypt, Ethiopia, Iran, Saudi Arabia, and United Arab Emirates, who officially joined in January 2024. When we look back at Ezekiel's prophecy, we can see how the alliances start to form, that will come against Israel in the prophesied war of Ezekiel 38.

America and the Middle East

America is losing its grip on most of the world right now. And that's just an appetizer to what's going to happen within the United States as we are getting closer to the election in 2024. America's debt is at an all-time high – over \$34 trillion. But the media doesn't tell you that, they cover it up with lies about the war in Ukraine and a made-up indictment of Donald Trump to keep people distracted, divided, and occupied. Trump is the biggest enemy of the currently ruling power in the US and the deep state (the elite).

American military bases have been attacked all fall by Iranian proxies in Syria and Iraq. The US has deployed war ships and submarines into the Middle East and other regions in the world to be ready when things go down. We are currently still waiting for a war to break out between China and Taiwan. In this case Biden has already promised support for Taiwan.

I told you about the elite; these families, industrialists, and bankers, who are running the world and control politicians, and that these same politicians control the people. Sometimes they can't control people, and what do they do when that happens? They ramp up their efforts and create deception and chaos. There are so many things underway, or happening simultaneously, worldwide right now, that have never happened before in world history. We live in perilous times. We are suddenly very small as a globe. When something happens in Canada, everyone around the world knows about it in a matter of moments. America is on a radically steep decline, and I believe that this is prophetically necessary. The United States has to be weakened to a point where it won't be able to help Israel (we learn that in Ezekiel and Zechariah). In its time of trouble, Israel will be completely abandoned and alone, when this battle from the book of Ezekiel takes place. America has to lose its status and power in order for the elite to implement a one-world government. This has to happen before the tribulation can start. The stage has to be set for the Antichrist to rise to power. We can already see movements of that regarding the economy and regarding digital currency. If you know the Bible, nothing in tomorrow's news should surprise you.

There is no leader in America right now. The people in our government are all laughable. The whole world is watching, asking what's going on in American politics? This lack of leadership is the perfect fertile ground for the chaos that will give birth to a world that will surrender to the rise of the Antichrist.

The Media

Throughout time, many writers have seemingly predicted the way our society would evolve. They wrote books about how it would become more restrictive, be more controlled, essentially becoming a dictatorship, disguised as a free world. The question remains however, who exactly are these visionaries and how did they acquire such knowledge?

George Orwell (1903-1950), a socialist, writer and critic, wrote the book "1984" in 1949. The novel examines the role of truth and facts within societies, and the ways in which they can be manipulated. It centers on the consequences of totalitarianism, mass surveillance, and repressive regimentation of people and the various behaviors within society. He worked for the BBC for a long time.

H.G. Wells (English writer, 1866-1946, who wrote science fiction) was a man who was seriously interested in the world of esoteric and secret societies. Wells wrote a number of utopian works "foreseeing" the invention of aircraft, tanks, space travel, nuclear weapons, satellite television and something like the World Wide Web. His science fiction novels imagined time travel, alien invasions, invisibility, and bioengineering, way before these subjects were common in this genre. Wells was a socialist. His most influential work, "The Rights of Man (1940)", laid the groundwork for the 1948 Universal Declaration of Human Rights, which was adopted by the UN shortly thereafter. Wells went from believing in God, to becoming an atheist throughout the rest of his life.

Now this is when you have to ask yourself – how did they know all of that? Back then it was fiction, but looking at it today, you can see that all the things suggested in their books came true. The answer to the question is not God. The answer to that question is: the deep state and their supporting organizations. These writers revealed the plans. And this is being done up until today. They mock the crowds by telling them exactly what they have planned, but dressing it in books, movies etc. Examples for movies are:

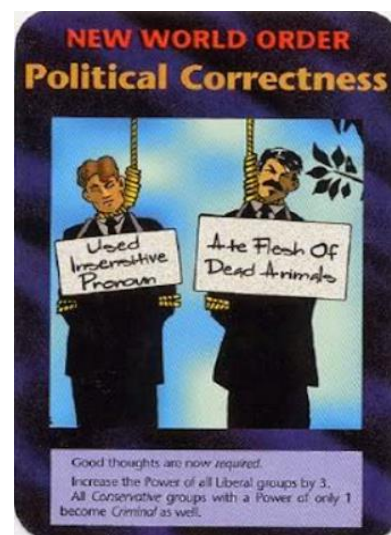

1. A Space Odyssey (1968) – predicted: tablets, space tourism and the international space station.
2. The Terminator (1984) – predicted: military drones.
3. War Games (1983) – predicted: hacking/ cyber warfare.
4. Minority Report (2002) – predicted: personalized advertising, gesture-based interfaces.
5. Total Recall (1990) – self-driving cars.
6. Super Mario Bros. (1993) – predicted: the fall of the World Trade Center towards the end of the movie.
7. The Net (1995) – predicted: identity theft.
8. Americathon (1979) – predicted: America's economic hardships, the end of the Soviet Union, the rise of China, hybrid vehicles.
9. Star Wars (1977) – predicted: Holograms.
10. Enemy of the State (1998) – predicted: high-tech surveillance, tracking people down.
11. Contagion (2011) – predicted: pandemic world.
12. The cable guy (1996) – predicted: integration of TV, phone and computer in homes, home shopping, online video games.
13. Repo Men (2010) – predicted: people buy artificial organs.
14. The Matrix (1999) – predicted: fall of the World Trade Center (the expiration date of Neo's passport is 9/11/01 – coincidence? ...sure...)
15. Resident Evil: The Final Chapter (2016) – apocalypse, fundamentalist states, global warming, population control, war, an elite that makes plans to end the world before the world ends by itself by the means of a deadly virus (T-Virus), usage of Crusade symbol.
16. Best Defense (1984) – predicted: the Gulf War (Iraq invaded Kuwait), 6 years before it happened.
17. White Noise (2022) – predicted: derailment of chemical train in Ohio (2023).

As you can see, these people knew a lot of things before they came into existence or before they happened, with 9/11 and the Gulf War being obviously the front runner when it comes to telling the masses what is going to happen. They still do this today, just watch "White Noise" on Netflix. They're preparing our brains for what's to come. It's called "desensitization" and "conditioning." They show you things so you're not shocked, or surprised when they suddenly happen because you've seen it before. Many times. This is all targeting your subconsciousness. They've always done it, and they'll keep doing it.

One other, really interesting way to tell what they have planned for the future is this card game. This game was made by Steve Jackson and went on the market in 1982. It received all major expansion packs before 1986. Please pay close attention to the 9/11 attack, and the pentagon attack displayed on the cards. This was way before it happened. Both of these were inside jobs executed by the American government – there was no terror attack on either of them. The World Trade Center had been closed prior to the collapse and people were working in the building. They are said to have installed detonation devices, which went off on 9/11 and caused the total destruction of the towers. I've seen a documentary on that topic a long time ago. When you watch footage of the collapse you can see the detonations on each level of the building as the towers went down. It was a controlled collapse. People that were there confirmed to have heard explosions like you hear them in controlled demolitions. Firefighters described it like "gunfire explosions" or "detonations, floor by floor started to pop out" and an eyewitness called it "bomb explosions". The owner of the World Trade Center had, shortly before the "attack" insured both buildings in case a plane hit them. Seriously? Everything turned into rubble, but they found a perfectly preserved passport of one of the "terrorists" next to the rubble... People that knew more about it, and wanted to expose all of it, got killed, five of which I know. They never found parts of a plane in the Pentagon, even though they said a plane crashed into it. It's believed that they used DEW to make it

The agenda of the WEF is displayed (population reduction). The quarantine, due to an epidemic (which in reality obviously turned into an alledged pandemic). The CDC tied to biological warfare. It was just revealed that Anthony Fauci potentially influenced the CIA's Covid origins investigation – he prompted the infamous paper that was used to attempt to disprove the lab leak theory. The government-installed extremist groups are on the cards. The also tell us that they rewrote history, which ties perfectly into the Rockefeller-hijacked, education system of the US. They also show the Vatican plagued by demons. This is a perfect display of the Catholic Church. People are going to be persecuted for not being politically correct. The signs read, “used insensitive pronoun”, and, “ate flesh of dead animal”, which represents the gender agenda and vegan movement. This 100% portrays the current state of our world, and the weaponization of the masses against each other. The new world order is definitely in the making.

posted something in regard to vaccines or political topics. And when you post something against face masks, then you get fact checked by the fact checkers, that have no medical education whatsoever. They say your post is false, even though it has been proven by independent studies that face masks don't do anything to protect you. You are being watched, censored, and silenced.

"1984" – A Handbook of the Elite

The media (print as well as online platforms and social media) is working together across the board to align their propaganda and execute the well-planned schemes of the elite. It's all about mind control, directing opinions and personal views, indoctrination, false education, misinformation, and confusion, with the goal of dividing the masses and making them compliant to their agendas. They force the narrative to prevent individual thinking and opposition.

I watched the movie "1984" (based on the book by George Orwell which I mentioned earlier). It was a bizarre, disturbing, and concerning movie, about a world which is governed by three ideologically identical super states that seek the total destruction of the individual in favor of absolute adherence to the party. Each state is divided into three classes – totalitarian leadership (inner and outer party) and the common people. The common people were enslaved in worker camps where everyone had a specific role to play. Individual thoughts were prohibited, and if someone went against the common opinion, they were executed on the grounds of being a "thought criminal." The authority is operating a mass control system called "Big Brother" (we all know the concept). Slogans on propaganda equipment state: "War is peace. Freedom is slavery. Ignorance is strength." And based on this mindset, they say $2+2=5$. This was called "double think," where they take two opposing principles and make them indistinct or equal.

Note: Where do we see that today? Abortion: Murder of the unborn is healthcare. Murder of the innocent is reproductive freedom. Murder is my basic human right. A baby isn't a baby, it's a clump of cells. It's a cyst, it is unwanted growth, you have to get rid of it. Another "double think" is love is love. Homosexuality is normal (even though Romans 1 says it's unnatural). Gender is fluid (not biological or scientific anymore). There is no such thing as a transgender. There are people that are sexually confused. People that are emotionally disturbed. But there is no such thing as a man becoming a woman or the other way around. It's time that we clear the scales from our eyes and recognize that in our world today. Another "double think": men can have babies (No, they can't). Another one: Reality is no longer based on facts, it's what you perceive it to be. It's your truth, your reality and everyone has to respect your reality (wrong!).

Because they control the minds, everyone has to agree and mirror that mindset. If they even suggest that $2+2=4$, they were persecuted for going against the system. The main character's job in this society was to falsify news about the war that is going on. He had to make sure that everyone was on the same track. This was called "new speak" – the government's official propaganda machine. They will tell people what to think and believe, and they didn't allow any dissident voices to exist. Over the course of the movie, he himself starts to question reality and goes against Big Brother. When they catch someone with a different way of thinking, they torture them until the person is back on track. Then they proceed to execute that person in their new, "clean state of mind." They are watched around the clock where their

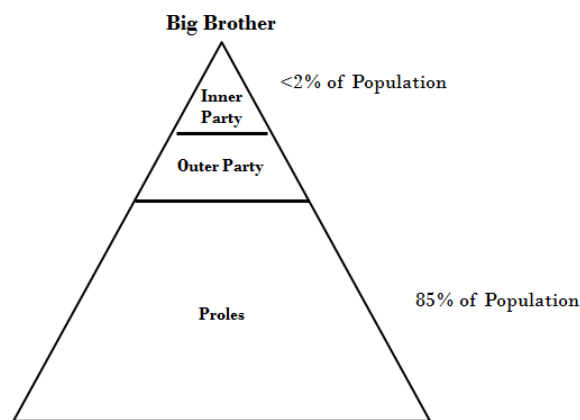

friends, or even their own children, backstab and report each other to Big Brother, just like it was with the Stasi in Germany after WWII. In the movie you can see that their main tools are propaganda, censorship, and the use of war and scarcity to an almost unimaginable degree. Towards the end, one of the authorities, O'Brien, explains the means with which this societal system works. He says, *"We, the Party, control all records, and we control all memories."* And *"Whatever the Party holds to be the truth, is the truth. It is impossible to see reality except looking through the eyes of the Party."* He further explains, *"The first thing for you to understand is that in this place there are no martyrdoms. You have read of the religious persecutions of the past. In the Middle Ages there was the Inquisition. It was a failure. It set out to eradicate heresy and ended by perpetuating it. For every heretic it burned at the stake, thousands of others rose up. Why was that? Because the Inquisition killed its enemies in the open and killed them while they were still unrepentant: in fact, it killed them because they were unrepentant. Men were dying because they would not abandon their true beliefs. Naturally all the glory belonged to the victim and all the shame to the Inquisitor who burned him. Why was that? In the first place, because the confessions that they had made were obviously extorted and untrue. We do not make mistakes of that kind. All the confessions that are uttered here are true."* O'Brien continues *"You are a flaw in the pattern, Winston. You are a stain that must be wiped out. Did I not tell you just now that we are different from the persecutors of the past? We are not content with negative obedience, nor even with the most abject submission. When finally, you surrender to us, it must be of your own free will. We do not destroy the heretic because he resists us: so long as he resists us, we never destroy him. We convert him, we capture his inner mind, we reshape him. We burn all evil and all illusion out of him; we bring him over to our side, not in appearance, but genuinely, heart and soul. We make him one of ourselves before we kill him. It is intolerable to us that an erroneous thought should exist anywhere in the world, however secret and powerless it may be. Even in the instant of death we cannot permit any deviation. In the old days, the heretic walked to the stake still a heretic, proclaiming his heresy, exulting in it. Even the victim of the Russian purges could carry rebellion locked up in his skull as he walked down the passage waiting for the bullet. But we make the brain perfect before we blow it out."*

You can see now how they do it. This is the elite's handbook. They push and force misinformation unto you, as long as it takes, to re-shape your mind. Their success can be seen when people start to repeat this misinformation; information that goes against reality and truth. When people start to call out people around them for not adapting to their truth, then the elite know that their propaganda carries fruit. Winston, the main character in 1984, got tortured with electricity. O'Brien holds up 4 fingers and asks Winston how many he can see. Since Winston started thinking for himself, he saw 4. Any time he said 4 he got electrocuted because O'Brien said it's 5. That's a rather rough way to force it on people, but you get the concept. Fear is the driving force here. Fear of getting inflicted with pain. When we transfer this situation into our current world, the best example would be the covid misinformation. The government (led by the elite) forced their vaccine mandate onto people. When they saw that people resisted, they pushed all this false information out there to get more people to comply. Information that was not even close to being medically proven, because the vaccines against covid were not tested in an appropriate manner. When this still didn't help, they elevated their efforts and had the media start to shift the blame for infections and deaths onto the unvaccinated population. And they came on really strong. This spurred fear in society. They managed to have a huge part of the population adopt their point and people started to blame and call out unvaccinated humans for being selfish, ignorant, and dangerous for not getting vaccinated and "risking" vaccinated people's life (which when you think about it, it makes zero sense, because...what did they get vaccinated for when they can still get sick and die?). However, it

worked. They got more people to take the vaccine. And now, 3 years later, we are hearing about all the deaths that came with the vaccines. Doctors are starting to speak up against it because it is simply unsafe, and on top of that inefficient, due to the nature of the virus which is changing too quickly.

The structure of society in the movie is similar to the pyramid I displayed earlier on page 48 which reflects our current situation. Here you can see that the majority of the world is led by less than 2% of the world population. When you make use of common sense – it just doesn't make any sense. However since people are so easily influenced, this is what you get. The worst thing about this is that it doesn't matter anymore how horrible leadership is because they know how to successfully manipulate the masses and they can do whatever they want. Due to the lack of brain usage, questioning reality, and an unexplainable need to follow public opinion, we find ourselves in a society that spirals down in a free fall. The concept which is used in the book turned from a brainchild into reality, and no one notices it. Everyone is so focused on themselves and their personal peace that they fail to see that the elite are taking over this world.

Social Structure of George Orwell's *1984*

In this movie/book they do exactly what is being stated in the Bible when they say, "War is peace." In Isaiah 5:20 it says, *"Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter."* And in Romans 14:16 *"Therefore do not let what you know is good be spoken of as evil."* We are living in times where these statements apply. Killing babies in the womb is now good. Worshipping Satan publicly is good. Changing children's gender through hormone therapy and surgeries is good. Having drag queens dancing half-naked in front of children is good. Idolizing celebrities is good. Legalizing relations between adults and children is good. Male is female. Humans identify as animals. Looks are more important than character. Gay marriage is good and if anyone says otherwise, they are evil. *Short Explanation: God intended a relationship only to exist between man and woman. But due to the wickedness of the elite and the help of their tools to influence the people (indoctrination early on and propaganda) you were pushed into believing otherwise. And if you say something against it you experience hate from all sides. And why is that? Because they took the Bible out of society, out of schools and stopped teaching what has been taught over millennia.*

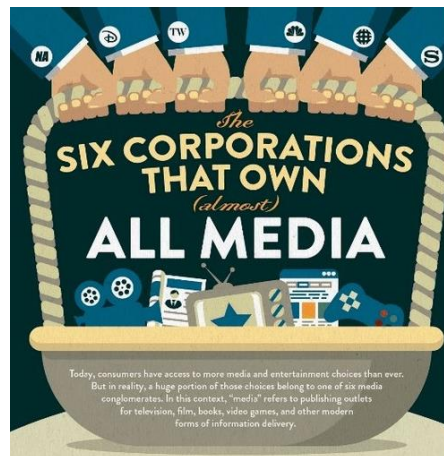

Do you see the parallels between the book “1984” and today? They do exactly that. And everyone falls for it because the elite eliminated the past, shapes the present and implements the future to make them fit their plans for world domination. And if you don’t comply these days, you get canceled, hated, insulted, persecuted, or killed.

News Media

News media is not for everyone. I used to reject watching it, because I wasn’t interested in looking at all the suffering, wars, politics, shootings etc. So, I get it if you’re not up to date. Besides the fact that most of the news stories are lies or distractions anyway, it’s also depressing. No one wants to see that every day. But what I failed to realize was that the news give you more insight. They give you knowledge. And if you tend to question things, they will help you to realize that the world is evil. Pure evil. And over time you will see that the evil is increasing. The important part here is the questioning. If you just take in what they display, you’re lost. Because what you don’t know, while you watch CNN, NBC, BBC, Nickelodeon etc., is that almost all of these news outlets and TV channels are owned by 6 big companies. And these companies decide what is being produced and broadcast. But it doesn’t stop there. They also own music, ventures, prints (newspaper), internet, video games, etc., and they also invest in many different companies, which gives them the rights to make decisions there as well. Please have a look at the graphic below to understand their reach. This is from 2017.

As of 2023 the 6 biggest media companies in the US are: Comcast, AT&T, Disney, Paramount Global. Warner Bros. Discovery, Inc., and Fox News. But for the sake of displaying their ownership I’ll go with the old graphics from 2017.

The 3 companies above these 6 are Vanguard, Black Rock and State Street. They are investment management firms that manage the assets of big cooperations, but they are also the world's largest financial institutions.

This is just to show you who has the hand over what you are being served on TV. While we all indulge in Disney movie nights, Marvel marathons or just everyday news stories, there is much more going on behind the scenes, and at the same time right in front of our eyes. Did you hear about the hidden sexual messages in Disney movies? Do you know that news channels broadcast absolutely identical messages across the board? Did you notice that the gender topic and transsexualism is being pushed in almost every medium out there? And especially in shows for children? Did you know that the “Oscar’s” (famous award show in Hollywood) portrays historical Babylon throughout their entire venue? (*Babylon was an empire that existed from about 1790 BC to 539 BC. It was the center of corruption, adultery, violence, sexual abominations, and devil worship. And this is what Hollywood puts on display for all the world to see. But it’s invisible to people because no one knows about Babylon*). That’s manipulation and desensitization. And if you cannot question what you’re looking at, you won’t notice it and you’ll regard it as normal while storing all the subliminal information in your subconsciousness. This helps these people to have you form biases, develop certain feelings and specific worldviews that serve their goal. Do I sound like a “conspiracy theorist” yet? Wait for it, I have proof. But what does “conspiracy” actually mean and where does it come from? And why it is used the way it is used? Conspiracy is believed to have been used by the CIA for the first time when they had to shut down and disqualify people that questioned the John F. Kennedy assassination in 1967. It is a weaponized label used on critical analysis and dissenting viewpoints in order to give them a derogatory connotation. It makes the critical thinker look insane, incompetent, while discrediting his/her statements. It is often used against people that insinuate the involvement of the government in questionable actions or decisions. Today the term “conspiracy” causes a very specific, and wanted, reaction in people that are presented with evidence that could destroy the trust in the government or other famous subjects. Because of the way it has been

used over the years, you're now conditioned to NOT believe in what the critical thinker presents, even though it is the truth. You see how that develops a life of its own, don't you? It's all a psychological tactic.

Hollywood

But let's get back to my previous statements: Hollywood worships Satan and has Babylon on display during the "Oscar's." Please have a look:

During his speech, actor Christian Bale (Batman) made it a point to thank an unusual source of inspiration: Satan, whom the actor said, "[gave] me inspiration for playing this role." If you're wondering how actual Satanists felt about the shout-out —they were thrilled. "To us, Satan is a symbol of pride, liberty and individualism, and it serves as an external metaphorical projection of our highest personal potential," the Church of Satan tweeted. "As Mr. Bale's own talent and skill won him the award, this is fitting. Hail Christian! Hail Satan!" (Vanity Fair – News)

The Church of Satan is a real thing. It was founded in 1966 by Anton Szandor LaVey. He wrote "The Satanic Bible" in 1969, though they did not worship Satan. Satan was used as a representation of personal liberty and individualism. They designed rituals, like a black mass including a nude female as an altar and believed in magic. They viewed themselves as an elite set apart from the "herd" of ordinary humanity. In 1975 the "Temple of Set" was formed. They believe that Satan had a literal existence, and his real identity was Set, an ancient Egyptian god. In 2012 the Satanic Temple was established in the US. They defend abortion and same-sex marriage and consciously challenge the role of Christianity in US society. In the 1970s, the "Order of Nine Angels" emerged in Britain, and they endorsed human sacrifice. Other smaller satanic groups went as far as vandalizing churches, desecrating graves, killing animals, or even committed murder.

Let's have a look at the Oscar's:

In ancient Egypt they believed that the god Ptah was in charge of picture making and craftsmanship. The Oscar statues are modeled from Ptah. Whoever modeled the best sculptures and pictures of the temple was granted a statue of the god Ptah from the Pharaoh himself. Osiris was believed to be the god of the underworld. The Pharaohs soul was to ascend into Orion to be reborn as a star to live for eternity. But to

get there his soul had to transform into a spirit to reach Osiris and be immortalized and remembered forever. Isn't it interesting how a person has to become an actor (transform his spirit into another) to win the Oscar? These people are then immortalized by placing their names on stars on the Hollywood walk of fame. That is NOT a coincidence.

Talking about symbolism...

Next to the Kodak Theatre, where they give out the Academy Awards, is the Highland Center in which they build an Ishtar gate. The original Ishtar gate was located in the earlier mentioned Babylon. It was dedicated to the Babylonian goddess of fertility, love, war, and sex – Ishtar. She was also supposed to be the divine personification of the planet Venus. It is said that this was built after the famous Babylon set from D.W. Griffith's silent movie "The Birth of a Nation," which is considered one of the most racist films in Hollywood's history. Regardless of the inspiration for it – its symbolism speaks for itself and shows Hollywood's character. And since we are already on the topic of Babylon – Hollywood has now made a movie called "Babylon" starring Brad Pitt, who's part of a secret society – most likely the Illuminati like all the other actors. I actually tried to watch the movie. I had to give up after 30 minutes because it was just an extremely bad production. If you want to see all existing sins, this is the movie for you.

This poster pictures the character of Babylon perfectly. A city drowning in sin.

And the famous Illuminati triangle typical for Hollywood.

I think it's very clear to see where the Oscar's stand in this whole secret society thing. Illuminati all the way.

Some mockery during the Grammy Awards. The Pope arm in arm with the devil. That's actually not too far off from reality.

Hollywood and the music industry have never been more blatantly Anti-Christian and Anti-God than in the last couple of years. The hatred goes deep. They are committed to levels of anti-Christian bigotry never before seen in these industries. There's no discernable market demand for it, but they believe Christianity must be insulted at every opportunity.

Netflix has a series called "Manifest" in which the Bible gets totally twisted. At the same time, they prepare the viewer for what is to come during the tribulation, as stated in the Bible – just in a twisted, incomplete way.

Netflix also released 2 other movies mocking Jesus Christ and Christianity in general. They are called "The First Temptation of Christ" And "The Last Hangover."

The Da Vinci Code tries to re-write history and wants to make the viewer believe that Jesus was married to Mary Magdalene, a follower of Jesus and has a bloodline that still exists today. More deception.
